UNDERSTANDING & SUPPORTING MEN WHO EXPERIENCE SEXUAL HARM

Jim Struve, LCSW

Executive Director, MenHealing

&

Sharon Imperato, LMHC

Support Groups Manager, MenHealing

Jim Struve (he/him) and Sharon Imperato (she/her) join us to present Understanding and Supporting Men Who Experience Sexual Harm. Research shows that 1 in 6 men will experience sexual harm in childhood or adulthood and 1 in 10 rape victims are men, however these statistics are likely low. This training will use didactic presentation, discussion, case examples, and videos, to explore the contexts of sexual harm of men and the reasons why men are not talking about their sexual harm. This training will also challenge bias about men as survivors in order to build strategies and create an environment where men survivors can feel comfortable asking for support and disclosing experiences of sexual harm.
