On Dock Strike

(From All)

...wolf leader, according to one local official, told the Texas ports would be closed on an hour-by-hour basis if the workers wouldn’t return to work. The main- port action met with little response from the strikers. The IRA strike appeared to be less intense than the dock strike. At least 500 boats were up along the coast. About 75 cargo vessels were being loaded.

...the picketing lines have been extended to a few lesser ports.

The Association of American Railroads announced in Washington it had recommended to the President that freight shipments be stopped for ten days for one of the missing vessels leaving East Coast ports.

Agriculture Secretary Charles F. Johnson said the dock strikes had plugged up the ports and the shipping lines were...
