RAINIER CLUB IS ELECTING OFFICERS

Carefully Avoiding Any Semblance of Meeting Members Cast Ballots Singly.

With prospects of a very light vote because of the prevalence of influenza, members of the Rainier Club, leading social organization of Seattle business and professional men, at noon today began balloting on officers who will serve the club during the coming year. The voting will continue until 8 o'clock tonight.

The club is carefully avoiding a meeting of any kind. The customary post-election celebration and installation, always held in the clubrooms at night, will not take place this evening and today the members are going into the club singly, depositing their ballots and departing.

It is stated that George Boole undoubtedly will be succeeded as president by Charles H. Clarke, now the vice president, there being no contest for the highest office nor for the position of vice president, to which, it is assumed, the one candidate, E. A. Strout, will be elected.

No definite candidate was in the field up to noon today for the position of secretary, nor for the two trusteeships. Rollin V. Ankeny's candidacy for treasurer is unopposed and he will go into office along with Clarke and Strout. The latter is at this time a trustee.

Clarke Widely Known.

Charles H. Clarke, of the Kelley-Clarke Company, has held the presidency of the Seattle Golf Club, is one of the directors of the Seattle branch, Federal Reserve Bank of San Francisco, and for the last year has held the position of county chairman of War Savings, for many months of that time being city chairman as well. His home is at The Highlands. He has been a resident of Seattle twenty-nine years.

Edwin A. Strout, insurance broker in the Hoge Building, is an old resident of Seattle and prominent in many of its activities. He lives at 1221 Minor Ave. Rollin V. Ankeny, who has lived in Seattle since boyhood and who was a protege of the late Jacob Furth, was cashier of the old Puget Sound National Bank and now is cashier of the Seattle National Bank. His home is at 21 Prospect St.

SEATTLE AND KING GO OVER TOP WITH BONDS

(Continued From Page One.)

scribe an additional $50,000 to the original subscription of $100,000.

"We decided on this before we knew that the city would reach its allotment," said Baxter. "We want you to have it. With the $40,000 from our employes, there is $190,000 worth of bonds sold here. We'll try to make it an even $200,000 before you close the doors at 6 o'clock tonight."

Support Comes From Outside.

Nothing has touched the county committeemen so deeply as the support that came from out-of-town scurces when the belief of the campaign managers, that the city might not attain its quota, was proclaimed. Several of these, from Hoquiam, Bothell and Bellingham have been cited. This morning a letter came from Bremerton. E. S. Howe and H. A. Davies, prominent business men of the navy yard town, wrote:

"As Kitsap is over and King is having a hard time of it, please accept our subscriptions for $500 each. Seattle can't; daren't fail."

The moment the county committee learned that the loan quota for the city was in sight—with the country districts of King County known to have oversubscribed their $912,725 quota—an order was issued last night that all bond-selling should immediately cease. The committee was keeping faith with the public, as they had done when they promised to keep it accurately advised from day to day the amount of the officially checked totals of the subscriptions.

Only Salvage Work Today.

Only salvage work was done today. That is, there were pledges that had to be realized on, and the order was absolute that anything that was not received by 6 o'clock tonight would not be credited to the city's subscription to the loan. At the San Francisco headquarters of the Twelfth Federal Reserve District no subscription postmarked subsequent to October 19—which is today—will be accredited to any city, county of state.

In a word, Seattle wants credit for all it has labored so hard for the past three weeks.

Of course, there was a lot of work going on among the Pay Roll Bond Clubs and in the industrial division that couldn't be stopped as they are going to keep on going up to the limit that allows them to get the returns in by 6 o'clock tonight, but street sales and other solicitations were all stopped.

Boy Scouts Wouldn't Stop.

No, not all. It wasn't possible, it was simply impossible to stop the Boy Scouts from going to work. They absolutely wouldn't be removed from their street booths. It was an amusing spectacle to hear a newsboy crying his wares today, shouting: "Seattle Over The Top With Its Liberty Loan," while at his elbow was a khaki-clad Boy Scout just as loudly calling for bond buyers "To Help Seattle Go Over the Top."

"It was the generous, patriotic response of our people that made this tremendous success possible," said Chairman Wills. "Everybody felt that our men over there needed it, and they were going to get it. Some added to their subscriptions again and again.

"Business firms and their employes have done simply wonderful things, while the industrial division has come through in fine manner. Then, too, we have gathered a wealth of valuable material for Liberty Loan No. 5. We knew where money was this time but we couldn't quite get our fingers on it in the brief time allotted. We'll start going after it early next time, and we'll get it."

Not until pretty late tonight will a final accounting be made of the city and county's total subscriptions. The work of the accounting department has been one of the marvelously successful parts of the campaign machinery, but it cannot work until the material is in its hands on which to go to work.

$3,282,650 SUBSCRIBED BY PAYROLL BOND CLUBS

When accounts were cast up at headquarters at noon today, it became apparent that the Pay Roll Bond Clubs of Seattle had subscribed for $3,282,650 worth of bonds of the Fourth Liberty Loan. Executive Secretary R. G. Taylor of the organization, said that when accounts were all in at 6 o'clock tonight the total would show the $4,000,000 mark passed.

It is this magnificent response to the loan that provoked from County Chairman C. S. Wills the remark this morning that nothing in the history of all the Liberty Loan campaigns here stood out as did the grand subscription of the salaried people of Seattle.

WOMEN WITH ORCHESTRA SELL $10,000 IN BONDS

Sales of more than $10,000 worth of Fourth Liberty Loan Bonds were made last night at the New Washington Hotel by Mrs. Walter B. Beals, Mrs. Theodore Haller, Miss Bertha Thompson and Miss Mary Revelle. The women were accompanied by Walter Jenkins and his Navy Trio, S. Miccoli, Lowell Patten and Harry Parsons. A dinner was given the women after the sale by the hotel management.

SEND 5,000 BOOKS OVERSEAS.

CAMP CODY, N. M., Saturday, Oct. 19.—Five thousand copies of popular books have been shipped overseas from the camp library here. A call for 500,000 books for the men overseas to read this winter was issued and Camp Cody's library responded with 5,000, having sent 8,000 East on troop trains recently.

In spite of this drain on the library, there are plenty of books here for the new men who have been arriving. The library is in charge of M. J. Newburg and Nubert Frazer. Newburg was a banker in Riverside. When he found he could not enlist in the army because

About Chronic Catarrh.

Chronic catarrh results from a neglected cold or from a succession of colds, that is, before you are over one cold you contract another. The inflammation, at first acute, becomes chronic. When the cold is properly treated and promptly cured there is no further trouble. Parents often neglect colds contracted by their children and chronic catarrh, from which they never fully recover, is the result. To get rid of a cold take Chamberlain's Cough Remedy. It is prompt and

LANDLORDS TOLD TO LOWER RENTS

Fair Rentals Commission Also Orders Numerous Tenants to Remain in Houses.

Rents for shipyard workers were ordered lowered in a number of apartment houses and flats, and people who had received notices to vacate were given permission to remain on the premises at a meeting of the Fair Rentals Commission of the United States Emergency Fleet Corporation last evening.

The Shipping Board has been given the power to house shipyard workers, commandeering property if necessary, and it was under possibility of enforcing this power to commandeer that rentals were ordered lowered. Landlords have shown every disposition to cooperate with the commission, and so far it has been unnecessary to take any steps toward taking possession of private property, it was said today.

In one apartment house, where complaints had been made by ten shipyard workers over raises in rent, the following rents were fixed: The flat renting at $24.90 was lowered to $20; $35, lowered to $22.50; $49, to $32.50, $13.20, to $27; $34.15, to $27.50; $33.15, to $21; $32.20, to $27.50; $42.20, to $30; $29.40, to $26; and $34.40 to $25.

Four shipyard workers who had been occupying two rooms and a bath, whose rent had been raised from $45 to $55, had their rent fixed at $45 by the Fair Rentals Commission.

Tell Dwellers to Stay.

In another case, the rent had been raised from $25 to $40 and it was reduced to $29. A shipyard worker in a hotel, whose rent had been raised from $32 to $37.50, had the increase disallowed. In a dwelling house where the rent had been raised from $12.50 to $16 to $25, and the tenant notified to vacate, the rent was reduced to $16, and the tenant was given permission to stay. In another house where the rent had been raised from $23 to $35, with orders to vacate, the rent was reduced to $25 and the tenant was given permission to remain on the premises.

Every case is thoroughly investigated by a committee of property and personal property appraisers. The property appraisers are Archibald Fisken, E. C. Erskine and R. M. Kinnear. The personal property appraisers are Samuel E. Donahue, John Bushell and Joseph Ryan.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

NEW OFFENSIVE DEVICES COMING

Yanks Will Surprise Huns Soon Unless Said Huns Quit Fighting, Declare Army Men.

WASHINGTON, Saturday, Oct. 19.—If the retreating armies don't quit fighting soon, they will find the American forces well equipped in a not distant future to hand them further surprises they will not like. These surprises will include new offensive devices in chemical warfare, a polite army term for gas, for which $30,000,000 is provided in the $6,345,755,666.04 deficiency appropriation bill passed by the House late yesterday afternoon.

"For some new offensive devices we are now developing," was the short but pointed reply made by Brig. Gen. Henry C. Newcomer of the chemical warfare service, when he was asked by Representative Sherley of Kentucky, chairman of the House appropriations committee, what the $30,000,000 listed under the head of "other offensive devices" was for.

Sherley did not press for additional information, for a military secret of the gravest importance is involved which Germany may not be permitted to learn about until her war weary soldiers secure first-hand knowledge of it next—provided they last that long.

American soldiers are to continue to be amply prepared for the equally important defensive phase of chemical warfare. Maj. Gen. W. L. Sibert of the chemical warfare service said in his testimony before the House appropriations committee, which has just been made public, that the largest item in the total estimate submitted by the service was for gas masks.

Mask Costs $10.

General Sibert figured that a single gas mask costs $10.

"We never know from one day to another what changes we will have to make in the masks," he said. "Masks for horses don't cost nearly so much as those for men," he explained, "the purchase price for an equine mask being $2.50. About $2,000,000 is required for horse masks, $600,000 for signals to warn against the approach of enemy gas and $250,000 for fans to drive gas out of trenches."

Such a gas fan, which costs $1.65, Col. Bradley Dewey testified, is very like a heavy canvas snow shovel. "That is the nearest description I can give of it," he added. "It is so hinged that it flaps the gas out. You take one as though you were shoveling sideways, throw it over the shoulder and give it a flapping motion."

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. Watch the kidneys.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes, look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, high colored or scanty urine, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Go to your druggist immediately. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland, where they have been in use for over two hundred years. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

YOUR LAST CHANCE

Will your name be enrolled with the patriots or with the traitors?

If you have bought your full share of Fourth Liberty Bonds, all you can possibly pay for, after using your savings, your other resources and banking credit, you have done your duty, and your name will be enrolled for all time among the patriotic citizens of a grateful country. Your fellow citizens will esteem you while living, and after you are gone will hold your memory in loving and grateful remembrance.

BUT IF

you have not done your full share, as stated above, you have NOT DONE YOUR DUTY. You will not be entitled to the rewards and privileges of true citizenship. You will not be worthy of your boys "Over There." You will not possess the esteem of your fellow citizens, but on the contrary, you will be despised and hated in that, from purely mercenary and selfish motives, you failed your country in her hour of trial. You will be classed as a friend of the Hun and unworthy to be a citizen of this Great Republic, and an associate of true men. Your ability to subscribe is known. Pitiless publicity will be meted out to those who fail to meet this test. The record will not close today. You cannot escape.

Will you qualify as a true patriot, entitled to an honorable place in your community,

OR AS

an undesirable citizen unwelcome in business or society, a social pariah, a business outcast, who, when the test of manhood came, was found wanting?
