CONTENTS

Genetics and Molecular Biology
Suggestive Linkage on Chromosome 1 for a Quantitative Alcohol-Related Phenotype
Possible Pleiotropic Effects of Genes Specifying Sedative/Hypnotic Sensitivity to Ethanol on Other Alcohol-Related Traits
Jeremy C. Owens, Beth Bennett, and Thomas E. Johnson .......................................................... 1461

Pharmacology and Cell Metabolism
Acamprosate, MK-801, and Fenprofos Inhibit Neurotoxicity and Calcium Entry Induced by Ethanol Withdrawal in Organotypic Slice Cultures From Neonatal Rat Hippocampus
Svetla Mayer, Barton R. Harris, D. Alex Gibson, John A. Blanchard, Mark A. Prendergast, Robert C. Holley, and John Littleton .......................................................... 1468
A Three-Stage Alcohol Clamp Procedure in Human Subjects
Monte Carlo Simulation of an Ethanol Pharmacokinetic Model
David Whitmire, Larry Cornelius, and Paula Whitmire .......................................................... 1484

Neurobiological, Behavioral, and Environmental Relations to Drinking
Increased Ethanol Self-Administration and Anxiety-Like Behavior During Acute Ethanol Withdrawal and Protracted Abstinence: Regulation by Corticotropin-Releasing Factor
Acute Effects of Ethanol on Social Behavior of Adolescent and Adult Rats: Role of Familiarity of the Test Situation
Elena I. Varlinskaya and Linda P. Spear .......................................................... 1502
Neonatal Activation of Alcohol-Related Prenatal Memories: Impact on the First Suckling Response
Paula Abate, Elena I. Varlinskaya, Sarah J. Cheslock, Norman E. Spear, and Juan Carlos Molina .......................................................... 1512

Diagnosis and Treatment
Psychometric Properties of the Brazilian Version of the Drug Use Screening Inventory
Denise De Micheli and Maria Lucia O.S. Formigoni .......................................................... 1523

ALCOHOLISM: CLINICAL AND EXPERIMENTAL RESEARCH (ISSN 0145-6908) is the official journal of the Research Society on Alcoholism and the International Society for Biomedical Research on Alcoholism and is published 12 times per year beginning in January by Lippincott Williams & Wilkins, 16522 Hunters Green Parkway, Hagerstown, MD 21740-2116. Periodicals postage paid at Baltimore, MD and at additional mailing offices. POSTMASTER: Send address changes to Alcoholism: CLINICAL AND EXPERIMENTAL RESEARCH, 16522 Hunters Green Parkway, Hagerstown, MD 21740-2116. Subscription rates: RSA and ISBRA Members: 2001 dues include a $105.00 subscription fee ($145.00 outside the U.S.); ASAM Members: $195.00 ($232.00 outside the U.S.) Nonmembers: U.S.: Personal $318.00; Institutional $606.00; Single copy $59.00. Canada and Mexico: Personal $392.00; Institutional $886.00. Outside North America: Personal $466.00; Institutional $710.00; Single copy $59.00. Special in-training rate of $76.00 ($129.00 in Canada and Mexico; $153.00 outside North America). Foreign prices exclude Japan. See Information for Subscribers for detailed instructions. The GST Tax Number for Canadian subscribers is 895524239. The Canadian Publication Agreement Number is 40052291. Country of origin USA. PRICES ARE SUBJECT TO CHANGE. Indexed by Index Medicus, Current Contents (Clinical Medicine, Life Sciences, Science, Citation Index, Neuroscience Citation Index, Research Alert, ISI/BIOMED), Excerpta Medica, Reference Update/Research Information Systems, Chemical Abstracts, CINAHL, and Biosciences Information Service. Copyright © 2002 by the Research Society on Alcoholism.
CONTENTS (continued from page i)

The European NEAT Program: An Integrated Approach Using Acamprosate and Psychosocial Support for the Prevention of Relapse in Alcohol-Dependent Patients With a Statistical Modeling of Therapy Success Prediction
   Isidore Pelc, Constant Ansoms, Philippe Lebert, Felix Fischer, Werner-Joachim Fuchs, Frédéric Landron, Antion José Pires Pretto, and Marsha Y. Morgan ............................................................. 1529

Carbohydrate-Deficient Transferrin Levels Reflect Heavy Drinking in Alcohol-Dependent Women Seeking Treatment
   Margaret R. Rukstalis, Kevin G. Lynch, David W. Oslin, Helen M. Pettinat, Suzanne M. Anderson, Joseph R. Volpicelli, and Raymond F. Anton ............................................................. 1539

Amisulpride Does Not Prevent Relapse in Primary Alcohol Dependence: Results of a Pilot Randomized, Placebo-Controlled Trial
   Donata Marra, Dominique Warot, Ivan Berlin, Eric Hispard, Christine Notides, Samir Tilikete, Christine Payan, Jean-Pierre Lépine, Sylvain Dally, and Henri-Jean Aubin ............................................................. 1545

Epidemiology and Prevention
Drinking During Pregnancy: Attitudes and Knowledge Among Pregnant Danish Women, 1998
   Ulrik Kesmodel and Pia Schiøler Kesmodel ............................................................. 1553
Survey Data Need Not Underestimate Alcohol Consumption
   Sally Casswell, Taisia Huckle, and Megan Pedger ............................................................. 1561

Alcohol Effects on the Fetus, Brain, Liver, and Other Organ Systems
Saccadic Eye Movements Are Associated With a Family History of Alcoholism at Baseline and After Exposure to Alcohol
   Tanya Bieker, Vijay A. Ramchandani, Leah Flury, Tatiana Foroud, David Kareken, Robert D. Yee, Ting-Kai Li, and Sean O’Connor ............................................................. 1568

Alcohol-Induced Increases in Insulin-Like Growth Factor Binding Protein-1 Are Partially Mediated by TNF
   Vinay Shree Kumar, Christine Silvis, Gerald Nystrom, Nobuko Deshpande, Thomas C. Vary, Robert A. Frost, and Charles H. Lang ............................................................. 1574

Prenatal Alcohol Exposure Predicts Continued Deficits in Offspring Size at 14 Years of Age

Prenatal Alcohol Exposure and Attachment Behavior in Children
   Mary J. O’Connor, Nina Kogan, and Richard Findlay ............................................................. 1592
