CONTENTS

Genetics and Molecular Biology
Role of Fyn Tyrosine Kinase in Ethanol Consumption by Mice
   Michael S. Cowen, Gunter Schumann, Takeshi Yagi, and Rainer Spanagel ........................................... 1213
The Cyclic AMP/Protein Kinase A Signal Transduction Pathway Modulates Tolerance to Sedative and Hypothermic Effects of Ethanol
   Xiaoju Yang, Lynn Oswald, and Gary Ward ........................................................................................................ 1220
Association Between Dopamine Receptor D1 Gene Ddel polymorphism and Sensation Seeking in Alcohol-Dependent Men
   Frédéric Limosin, Jean-Yves Loze, Frédéric Rouillon, Jean Adès, and Philip Gorwood ........................................ 1226

Pharmacology and Cell Metabolism
Interaction Between S-Propranolol and Ethanol in Mice Selectively Bred for Ethanol Sensitivity: The Inbred Short- and Long-Sleep Mice
   Richard A. Deitrich and Pequita Bludeau ........................................................................................................... 1229
Short-Term Selection for the Interaction Between S-Propranolol and Ethanol in Mice
   Richard A. Deitrich and Pequita Bludeau ........................................................................................................... 1236

Neurobiological, Behavioral and Environmental Relations to Drinking
Accessibility of Alcohol-Related Attitudes: A Cross-Lag Panel Model With Young Adults
   Adrian B. Kelly and Katie Witkiewitz .................................................................................................................. 1241
Using the Cue-Availability Paradigm to Assess Cue Reactivity
   Dena Davidson, Stephen T. Tiffany, William Johnston, Leah Flury, and Ting-Kai Li .......................................... 1251
Tobacco Use is Associated With Reduced Central Serotonergic Neurotransmission in Type 1 Alcohol-Dependent Individuals
   Ulf Berggren, Claudia Fahlke, Mats Eriksson, and Jan Ballin ............................................................................ 1257
Comprehensive Assessment of Insomnia in Recovering Alcoholics Using Daily Sleep Diaries and Ambulatory Monitoring
   Shawn R. Currie, Stewart Clark, Stephen Rimac, and Sonya Malhotra ............................................................. 1262
Effects of Acute Social Stress on Alcohol Consumption in Healthy Subjects
   Harriet de Wit, Anna H. V. Söderpalm, Lilia Nikolayev, and Elizabeth Young .................................................. 1270

continued on page ii
CONTENTS (continued from page i)

Diagnosis and Treatment
The Relationship Between Educational Attainment and Relapse Among Alcohol-Dependent Men and Women: A Prospective Study
  Shelly F. Greenfield, Dawn E. Sugarman, Larry R. Muenz, Marcus D. Patterson, David Y. He, and Roger D. Weiss .................................................. 1278
Measurement and Prediction of Medication Compliance in Problem Drinkers
  Richard Feinn, Howard Tennen, Joyce Cramer, and Henry R. Kranzler ........................................... 1286
  Dolores Parra, Alvaro González, Luis García-Villarreal, and J. Alfredo Martínez .......................... 1293

Epidemiology and Prevention
Ethnic Differences in Driving After Drinking and Riding With Drinking Drivers Among Adolescents
  Samantha Walker, Andrew J. Treno, Joel W. Grube, and John M. Light ........................................ 1299
Nonlinear Relation Between Alcohol Intake and High-Density Lipoprotein Cholesterol Level: Results From the Copenhagen City Heart Study
  Ditte Johansen, Per K. Andersen, Majken K. Jensen, Peter Schnohr, and Morten Grønbæk .............. 1305

Alcohol Effects on the Fetus, Brain, Liver and Other Organ Systems
Human Neural Stem Cells Are More Sensitive Than Astrocytes to Ethanol Exposure
  Hsiao-Nan Hao, Graham C. Parker, Jane Zhao, Kaveh Barami, and William D. Lyman ..................... 1310

Proceedings of an NIAAA-Sponsored Workshop
Introduction: National Institute on Alcohol Abuse and Alcoholism Workshop on Treatment Research Priorities and Health Disparities
  Charlene E. Le Fauve, Cherry Lowman, Raye Z. Litten, III, and Margaret E. Mattson .................. 1318
An Examination of Potential Sex and Race Effects in a Study of Continuing Care for Alcohol- and Cocaine-Dependent Patients
  James R. McKay, Kevin G. Lynch, Helen M. Pettinati, and Donald S. Shepard ...................... 1321
Health Disparities and the Relationship Between Race, Ethnicity, and Substance Abuse Treatment Outcomes
  Cherry Lowman and Charlene E. Le Fauve ............................................................... 1324
Journeys of the Circle: A Culturally Congruent Life Skills Intervention for Adolescent Indian Drinking
Examining the Effects of Ethnicity on Substance Abuse Treatment and Meditational Pathways
  Jon Morgenstern and Donald A. Bux, Jr. ................................................................. 1330
Alcohol and Health Disparities in Nonreservation American Indian Communities
  Deborah Jones-Saumy, Bert Thomas, Mary E. Phillips, Rick Tivis, and Sara Jo Nixon .................. 1333
Alcohol-Related Health Disparities and Treatment-Related Epidemiological Findings Among Whites, Blacks, and Hispanics in the United States
  Raul Caetano .......................................................... 1337
Project Match Treatment Participation and Outcome by Self-Reported Ethnicity
  J. Scott Tonigan .................................................. 1340
Pharmacological and Cultural Considerations in Alcohol Treatment Clinical Trials: Issues in Clinical Research Related to Race and Ethnicity
  Robert E. Taylor .......................................................... 1345
Conceptualizing Alcohol Treatment Research for Hispanic/Latino Adolescents
  Eric F. Wagner .................................................. 1349
Alcohol Dependence Among Alaskan Natives and Their Health Care Utilization
  Victor M. Hesselbrock, Michie N. Hesselbrock, and Bernard Segal, PhD ................................ 1353
A Culturally Responsive, Family-Enhanced Intervention Model
  Alison J. Boyd-Ball .................................................. 1356
Addressing Cultural Competency in Research: Integrating a Community-Based Participatory Research Approach
  Sharyne Shiu-Thornton .................................................. 1361

continued on page iii
Racially Related Health Disparities and Alcoholism Treatment Outcomes
  Kirk J. Brower and Theadia L. Carey ......................................................... 1365

Ethnicity and Psychiatric Comorbidity Among Alcohol-Dependent Persons Who Receive Inpatient Treatment: African Americans, Alaska Natives, Caucasians, and Hispanics
  Michie N. Hesselbrock, Victor M. Hesselbrock, Bernard Segal, Marc A. Schuckit, and Kathy Bucholz ...... 1368

Posttraumatic Stress Disorder, Alcohol, and Tribes: Obstacles to Research
  Michael Villanueva ................................................................. 1374

Critical Issues in the Development of Culturally Relevant Substance Abuse Treatments for Specific Minority Groups
  Felipe González Castro and Julie Garfinkle ....................................... 1381
