CONTENTS

Pharmacology and Cell Metabolism

Differential Effects of Ethanol on γ-Aminobutyric Acid-A Receptor-Mediated Synaptic Currents in Congenic Strains of Inbred Long and Short-Sleep Mice
William R. Procacc, Peter H. Wu, Beth Bennett, and Thomas E. Johnson ................................................................. 1277
Ethanol Inhibits Gap-Functional Coupling Between P19 Cells
Kirton Wendaat, Mohit Kariah, Christian G. Nias, and Peter L. Cadan ......................................................... 1284

Neurobiological, Behavioral, and Environmental Relations to Drinking

Sweet Liking, Novelty Seeking, and Gender Prefct Alcoholic Status
Alexey R. Kimog-Polosky, C. Eck, G. Boland, E. Kallikos, and P. T. Crows ......................................................... 1291
Acute Ethanol-Induced Adenosine Diphosphate Ribosylation Regulates the Functional Activity of Rat Striatal Pertussis Toxin-Sensitive G Proteins
M. Saad Das and Z.-H. Meng ............................................. 1299
Ethanol Operant Self-Administration Is Rated Is Regulated by Adenosine A2 Receptors
Maria Pia Arciello, Linh T. T, Adrieus S. Gordon, Ivan Diamond, and Patricia H. Javok ................................................................. 1308
Increased PS Amplitudes Induced by Alcohol-Related Pictures in Patients With Alcohol Dependence
Kee Namkoong, Eun Lee, Cheong Hoon Lee, Byoung Gok Lee, and Suk Kyoon Jeon ......................................................... 1317
Peripheral and Central Administration of a Selective Neuropeptide Y Y1 Receptor Antagonist Suppresses Ethanol Intake by C57BL/6J Mice
Dennis R. Sparta, Jon R. Fee, Dayna M. Hayes, Muris J. Knopp, Douglas J. MacNeil, and Todd E. Thiele ............................................. 1324

Diagnosis and Treatment

Multicenter Validation Study of the %CDT TIA Kit in Alcohol Abuse and Alcohol Dependence
Raymond Schwartz, Marie-Nadis Leoks, Francois Schelling, Elise Ablain, Jean-Dominique Fave, Alain Rigaud, Pierre-Michel Lorca, Claude Giffre, and Michel Reynaud ...................... 1331
Executive Functioning Early in Abstinence From Alcohol
Sandra Zion, Ray Stein, and H. Scott Swartzwelder ...................... 1338
A Review of Genetic, Biological, Pharmacological, and Clinical Factors That Afford Carbohydrate-Deficient Transferrin Levels
Michael F. Fleming, Raymond F. Anton, Claudia D. Spies ...................... 1347
A Pilot Evaluation of the Safety and Tolerability of Repeated Dose Administration of Long-Acting Injectable Naltrexone (Vivitrex®) in Patients With Alcohol Dependence
Raskole A. Johnson, Nazmia Ait-Daoud, Henri-Jean Aubin, Win van den Brink, Richard Gazzetta, John Looney, Bernad Silverman, and Elliot Ehrich ...................... 1356

CONTENTS
(continued from page 1)

Effects of Naltrexone and Nalmefene on Subjective Response to Alcohol Among Non-Treatment-Seeking Alcoholics and Social Drinkers
David J. Drobes, Raymond F. Anton, Susanne E. Thomas, and Konstantin Voronin ............................................. 1362

Epidemiology and Prevention
Toward the Attainment of Low-Risk Drinking Goals: A 10-Year Progress Report
Deborah A. Dawson, Bridget F. Grant, Frederick S. Strusvn, and Patricia S. Chou .................................................. 1371
Association of Age at First Drink With Coerent Alcohol Drinking Variables in a National General Population Sample
James L. York, John Felel, Judith Hirsch, Joseph H. Hoffman, and Grace Barnes ..................................................... 1379
Trends in Drinking Among Americans Age 18 and Younger: 1975–2002
Vivian B. Faden and Michael P. Fay .................................................. 1388

Alcohol Effects on the Fetus, Brain, Liver and Other Organ Systems
C6T Values Are Not Influenced by Epithelial Cell Apoptosis in Chronic Alcoholic Patients—Preliminary Results
Karim Ramsingh, Markus Brunner, Ines Herling, Alexander Doovan, Nestor Kapusta, Claus Kreun, Bernhard Meier, Georg Roth, Otto Michael Leisch, Hendrik Jan Venker, Marie Zurich, and Henriette Walter .................................................. 1394
Chronic Ethanol Enhances Endothelin Shreeiding in T Cells and Monocytes
Xue-Jun Zhao, Peter Oliver, Keping Song, Jill Schan, Zili Zhang, and Jay K. Kolls .................................................. 1399
Does An Energy Drink Modify the Effects of Alcohol in a Maximal Effort Test?
Sionelho Eduardo Ferreira, Marco Tiio de Mello, Marco Vinicius Rosa, and Maria Lucia O. Souza-Formagao .......................... 1408
Serum Levels of Tissue Polypeptide Specific: Antigen Ase Correlated With Hepatotoxicity: Cytokeratin Expression in Alcoholic Liver Disease
A. Gonzales-Quintela, C. Mella, I. Abdulkareem, L. E. Perez, J. Campos, E. Otero, and J. Portoza .................................................. 1413
Chronic Ethanol-Induced Subtype- and Subregion-Specific Decrease in the mRNA Expression of Metabotropic Glutamate Receptors in Rat Hippocampus
Agnes Simion, Michael R. Christian, Albert T. Sun, and Grace Y. Sun .................................................. 1419
Implicit Strategy Affects Learning in Children With Heavy Prenatal Alcohol Exposure
Teresa M. Rebell-Spencer and Sarah N. Matson .................................................. 1424
Erratum .......................................................................................................................... 1431

ANNOUNCEMENTS
The Board of Directors of the Jellinek Memorial Fund is pleased to announce that the Jellinek Memorial Award for 2004 has been awarded to Dr. Robert Adron Harris (Waggoner Center for Alcohol and Addiction Research, University of Texas at Austin, Austin, Texas) for his pre-eminent research in delineating the molecular interaction of ethanol with GABA receptors. The award was presented to Dr. Harris by Dr. Bob Tabakoff at the Research Society on Alcoholism Annual Meeting in Vancouver, British Columbia, Canada, on June 30, 2004. The Jellinek Award consists of $5000 (Canadian) together with a bust of the late E.M. Jellinek.

The Board of the Jellinek Memorial Fund also wishes to announce that the Selection Committee for the 2005 award is chaired by Dr. Salme Ahshtrom. The specific category in “Social, Cultural and Policy Studies.” Nominations for this award can be forwarded by November 15, 2004, to:
