4 Letter from the Editor
   Some guidelines for writers

6 Letters
   Normalizing relapse

7 Commentary
   Research findings have given the addiction community the language it needs to lobby for more equitable treatment.
   By Carlton K. Erickson, Ph.D.

8 Advocacy
   John Avery of NAAADAC, The Association for Addiction Professionals describes how stigma has permeated all aspects of the addiction care system, and suggests some remedies.

41 Book Review
   How understanding a client’s shame and guilt can improve the treatment process
   By Gary Enos

42 Technology
   If the Internet is not greatly enhancing your knowledge and the services you provide, Al Villapiano of Inflexion suggests three sites you need to be visiting.

44 Of Note
   News, announcements and other developments from the field

Features

12 COVER STORY: The Federal Perspective: Research Opens New Doors
   The pace of discovery in the addiction field continues to quicken. These perspectives from and about directors of the field’s three leading federal agencies cover some of the new directions that will alter the course of treatment.

19 Distinguishing ‘Dependence’ from ‘Abuse’: The Data Make a Clear Separation
   Using the term “dependence” when you really mean “abuse” is no trivial faux pas. Studies show a clear separation between these two classes, says Norman G. Hoffman, Ph.D., and the differences have significant implications for front-line professionals.

   Michael Levy, Ph.D., of CAB Health & Recovery Services, sets out a less familiar course for professionals who work with young people. Start slow, build trust, and even consider breaking some “treatment taboos.”

25 Women in Addiction Recovery Discuss Their Experiences with Depression Treatment
   A group of women’s impressions of what made a counseling experience successful offer lessons for professionals treating co-occurring addiction and depression.

37 Problem Gambling: More than the Latest Addictions ‘Gimmick’
   The president of the National Council on Problem Gambling discusses the all-too-frequent overlap between substance addiction and problem gambling, and offers resources for professionals addressing the issue.
