I am looking for a PhD Graduate Research Assistant in the School of Natural Resources at the University of Missouri to work on a project examining ecological interactions in temperate agroforestry systems.

Qualified applicants should have a M.S. in forestry, ecology, biology, soil science or a closely related discipline, a GPA > 3.2, and combined verbal and quantitative GRE scores > 1100. Position is available in May 2014. Review of applications begins immediately and continues until the position is filled.

Please submit applications including a cover letter describing your interest and experience, a resume, and names and contact information of three references, copies of transcripts and GRE scores (unofficial at this time are acceptable). All applications should be sent to joses@missouri.edu
