demo night

May 22, 2001
Tuesday
5:00 - 7:00pm
Architecture Hall 043

demo night schedule

5:00  Welcome and Introduction
5:15  Demonstrations:

- **Smart Objects**
  Embedding design behavior in CAD
- **Redliner / Space Pen**
  Annotation and collaboration in 3D on the Web
- **Digital Sandbox**
  Sculpting landscapes with hand gestures
- **Digital Bubble Diagrams**
  A simple space planner
- **Mouse Haus**
  Simulating pedestrian behavior
- **Navigation Blocks**
  Integrating virtual and physical in Pioneer Square
- **Form Writer**
  A little language for generating 3D form
- **Entourage 3D**
  Digital library for urban design
- **Compadres**
  Computer mediated collaboration
- **Sketch VR**
  Generating 3D form by drawing
- **PlaceMaker**
  Web based representation of place
- **Development Simulator**
  Visualizing design implications of development parameters
- **Jake-O-Meter**
  Database of contemporary streets

6:30  Discussion

* demonstrations and conversation
new direction in digital design software

The Design Machine Group shows recent work.
*Light refreshments will be served.*
