| September 26, 2018 | Discovery Epigenetics Drive Precision Medicine Approaches for Lymphoma | Jacqueline Payton, MD, PhD                  | Assistant Professor, Pathology & Immunology  
Medical Director, Molecular Diagnostics Laboratory  
Co-Director, Pathology Physician Scientist Training Program  
Washington University School of Medicine in St. Louis |
| October 3, 2018    | CANCELED                                                               |                                              |                                                                            |
| October 10, 2018   | Factors in Semen Change the Dynamics of Sexually Transmitted Viral Infections | Lucia Vojtech, PhD                          | Research Assistant Professor  
Dept of Obstetrics and Gynecology, University of Washington |
| October 17, 2018   | Cancer Genetic Testing at the Crossroads                               | Colin C. Pritchard, MD, PhD                 | Associate Professor, Director of Clinical Diagnostics, Brotman Baty Institute for Precision Medicine  
Co-Director, Genetics and Solid Tumors Laboratory  
Head, Genetics Division  
Dept of Laboratory Medicine, University of Washington |
| October 24, 2018   | Discovery of Inborn errors of Bile Acid Synthesis and the Development of a Life-saving Therapy – Translational Science from Bench to Bedside | Kenneth Setchell, PhD                       | Professor, Director, Clinical Mass Spectrometry Lab  
Division of Pathology and Laboratory Medicine  
Cincinnati Children’s Hospital Medical Center and the Department of Pediatrics of the University of Cincinnati College of Medicine |
| October 31, 2018   | Newborn Screening and Post-Screening Analysis of Inborn Errors of Metabolism by Expandable Mass Spectrometry Technology | Michael Gelb, PhD                           | Professor and Boris and Barbara L. Weinstein Endowed Chair in Chemistry  
Departments of Chemistry and Biochemistry, University of Washington |
| November 7, 2018   | TBA                                                                   | Anna Wald, MD, MPH                          | Head of Allergy and Infectious Diseases Division  
Professor of Medicine, Laboratory Medicine & Epidemiology, University of Washington |
| November 14, 2018  | Clone Wars in MDS/Pre-MDS: CUs, CHiPs and AML                        | Cecilia CS Yeung, MD                        | Associate Member, Fred Hutchinson Cancer Research Center, Clinical Research Division  
Assistant Professor, Dept of Pathology, University of Washington  
Medical Director, Molecular Oncology Laboratory, Fred Hutchinson Cancer Research Center  
Pathologist, Seattle Cancer Care Alliance |
| November 21, 2018  | Day before Thanksgiving, No Grand Rounds                              |                                              |                                                                            |
| November 28, 2018  | Transfusion Medicine Informatics: ORCA Orders and Database Development | Hamilton Tsang, MD                          | Associate Director, Transfusion Medicine  
Assistant Professor, Department of Laboratory Medicine, University of Washington |

CME Course Objectives: upon completion of this program, attendees should be able to:
- List several trends and developments in laboratory testing for the diagnosis, prognosis, and monitoring of disease.
- List several trends and developments regarding improving the quality of clinical laboratory services.
- Apply current concepts in laboratory testing to the diagnosis, prognosis, and monitoring of disease.
- Describe current research in the practice of medicine and how this research might impact the future practice of laboratory testing.

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Washington School of Medicine designates this live activity for a maximum of 40 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session is one credit.)

Sign-in is required to receive CME credit.

To request disability accommodation, contact the Disability Services Office at least ten days in advance at: 206.543.6450/V, 206.543.6452/TTY, 206.685.7264/FAX or dso@uw.edu.
