Clinical Virologist

The Department of Veterans Affairs and the Yale University Department of Laboratory Medicine seek a full-time clinical virologist for the position of Director, Virology Reference Laboratory at the VA Connecticut Healthcare System (VACT VRL). The VACT VRL is a hospital-based clinical laboratory that provides culture, serologic and molecular diagnostic testing to over 20 VA and non-VA healthcare facilities. In addition to providing clinical and technical direction to the laboratory, the successful applicant is expected to have scholarly interests and to qualify for a Yale faculty appointment commensurate with prior accomplishments. Teaching skills and interests are required, since the position has responsibilities in medical student and resident education. Candidates must possess a Ph.D. in a relevant biological discipline. ABMM certification or eligibility is preferred.

VA Connecticut and Yale University are Equal Opportunity/Affirmative Action Employers. Minority and female applicants are encouraged to apply. All applicants tentatively selected for VA employment in a testing designated position are subject to urinalysis to screen for illegal drug use prior to appointment. Applicants who refuse to be tested will be denied employment with the VA.

Send, fax, or e-mail your CV/application (VA 10-2850) and suggestion for three references to:

VA Connecticut Healthcare System,
Marianne Sabino, Human Resources (05),
950 Campbell Avenue,
West Haven, CT 06516;
Fax (203)937-4718; or
e-mail marianne.sabino@va.gov.

For veterans preference, veterans must submit a DD214 indicating type of discharge; disabled veterans must submit DD214 indicating type of discharge, Standard Form 15, and a letter from VA dated 1991 or later. The deadline for applications is October 15, 2008.
