Greetings from California! I’m writing this as fast as I can while there’s still power.

I would like to summarize the proposed changes to the ACLPS Bylaws that are published in this edition of the Newsletter for membership approval. The changes were made in response to many years of discussion by the ACLPS Executive Council regarding i) particular functions of ACLPS that should be codified in the Bylaws, and ii) additional changes necessary to maintain consistency with the 1998 Bylaws change allowing for mail-in voting. The specific issues addressed in these proposed Bylaws changes are:

1. Chair of the Membership committee should be an official member of the Executive Council, allowing him/her to have voting privileges. Members serving on the Executive Council with official voting capacity are elected by the general membership. So, the Chair of the Membership committee will become an elected position. Proposed Bylaws changes addressing this issue are found in Sections 5.2.B, 8.1, 8.2.C, 9.3.F, 9.4, 9.6.D, and 10.1.A, and 10.3.B.

2. Director of the Paul E. Strandjord Young Investigator Awards Program (PESYIAP) should be an official member of the Executive Council with voting privileges. Same rules apply as for #1 above. Relevant proposed changes are in Sections 8.1, 8.2.D, 9.5, 9.6.E, and 10.3.B.

3. Gender awareness. C’mon! Give me a break! Previous Bylaws referred only to “he” and “Chairman”. You know I can’t tolerate this. Appropriate changes to be inclusive of both genders made in Sections 3.1.A, 3.1.B(2), and 8.7.

5. Correction of existing typos, wordsmithing, and other minor inconsistencies: Sections 2.2.C, 8.1, 8.2.E, 9.2, 10.3.B, and 11.2.A.
I want to thank the members of the ad hoc group who helped in this endeavor: Dan Sabath, Steve Spitalnik, Alan Wells, and Bill Roberts. If you have any problems with the proposed changes, feel free to contact them.

REMEMBER TO VOTE ON THE PROPOSED BYLAWS CHANGES! If approved by the membership, the Bylaws changes will be effective after the annual Business meeting June 2001, and the first concrete evidence for the membership reflected in the election slate on the ballot for the June 2002 annual Business meeting. See you in Seattle!

Announcements

Request for public comment regarding the development of clinical practice guidelines:
The National Kidney Foundation (NKF) is in the process of requesting public comment regarding the development of clinical practice guidelines in the area of chronic kidney disease. We would appreciate your assistance to inform your members about the availability of the guidelines entitled, “Chronic Kidney Disease: Evaluation, Classification and Stratification” in your association’s newsletter or website. The guidelines are designed to standardize the terminology, laboratory evaluation and classification of the severity of kidney disease (from initial injury to kidney failure), and to stratify the risk of its progression.

These guidelines are in the process of going
through three phases of peer review to identify substantive concerns to ensure that the needs and interests of the medical community and patients are fully met. After an internal review, the proposed guidelines are submitted to organizations whose members are involved in the care of individuals with kidney disease. Finally, the greater medical community and the general public are asked to review the guidelines.

At this time, we invite members of your association to become involved in the reviewing process. The guidelines can be obtained by accessing them through our website at www.kidney.org, calling NKF at 800-622-9010, or e-mailing a request to: kdoqi@kidney.org. The guidelines are expected to be published by mid 2001.

**AJCP Subscription:** Several ACLPS members have not received copies of the American Journal of Pathology since June of 1999. My investigation has revealed that they were not members of ASCP and therefore were on a special subscription list. ASCP changed computer systems in July 1999 and the codes for this special list were apparently not transferred. ASCP is working on this problem. If any ACLPS member has a problem with their AJCP subscription please contact Michelle Harris McGraw at ASCP. Her phone number is (312) 738-1336 and her e-mail is micheleh@ascp.org. She will mail back issues and add your name to a manual mailing list which has been created for temporary use while the computer problem is being fixed. Also, please let me know of your problem. My phone number is (800) 242-2787 ext. 2086 and my e-mail address is william.roberts@arup-lab.com.

**Erratum:** The name of our distinguished colleague and one of the founding members of ACLPS, Dr. Colin Macpherson, was misspelled in the Fall 2000 Newsletter. I regret the inadvertent error and apologize for the mistake.
