INTERNSHIPS & CO-OPS

- Intern and co-op positions provide practical experience, bring relevance to classroom learning and often lead to careers.
- BSE students are expected to have a minimum of one internship (with minimum duration of 3 months).
- Many students have 6-12 months of intern and co-op experiences.
- Compensation ranges from $2,500-$4,000 per month.
- Typical total earnings are $10,000-$20,000 while in college.

INDEPENDENT WORK

A number of work opportunities are available. BSE students regularly work in the BSE pilot plant and laboratories.

Revised October 2015
**WPPF SCHOLARSHIP INFORMATION**

**Application**
- Request an application via email: wppf@uw.edu
- Apply for financial aid through UW if applicable. Some WPPF scholarships are need-based.

**Eligibility**
- Bioresource Science & Engineering (BSE) or BSE-ChemE major
- US citizen or permanent resident

**Duration**
Renewable term-to-term until graduation (12 terms for freshmen earning BSE degree; 6 terms for transfer students; 15 terms for BSE-ChemE degree)

**Conditions**
- Maintain 3.0 or higher cumulative GPA at the UW.
- Stay on the BSE or BSE-ChemE academic curricula.
- Adequate WPPF resources are available.

**Amounts**
- Vary according to academic performance, year in the program, and Foundation resources.
- $12,000 incentive scholarships are awarded to select incoming BSE students (freshman and community college junior transfers) by the School of Environmental and Forest Sciences (SEFS). These scholarships transition to WPPF scholarships for subsequent years depending on academic performance.
- Scholarship amounts may be periodically adjusted to recognize tuition changes and available financial resources.

**Award Notes**
- Amounts below apply to the 2015-16 and 2016-17 academic years.
- UW tuition plus fees were ~$11,900 for the 2015-16 academic year (resident students). 2016-17 tuition rate info will be available after autumn 2015.
- Scholarship awards for transfer students reflect the student’s year in the BSE curriculum.
