Dear <Name>:

The University of Washington is redoubling its efforts to ensure that it provides a welcoming and valuable experience for students, faculty, and staff from every walk of life. For this reason, the University is examining campus climate, and is seeking ideas about how to improve it. The perspective both of current and former students is essential in evaluating strengths and weaknesses, and pointing to possible directions for change. I have asked the Office of Educational Assessment to carry out this survey and then report to me on what is learned about your experiences at the University.

Please take the time to fill out the enclosed, anonymous questionnaire and return it to the Office of Educational Assessment. It will take about fifteen minutes to complete, and a postage-paid return envelope is enclosed for your convenience. Your participation is voluntary and you may, of course, leave blank any questions you don't wish to answer. However, because relatively few students have been sent a questionnaire every response is important.

I hope you will enjoy the enclosed Husky decal. If you have any questions or concerns about the survey, or if you would like your name to be removed from the survey list, please call Dr. Nana Lowell at (206) 543-9956.

Thank you very much for your assistance, and best wishes for the future.

Sincerely yours,

Richard L. McCormick
