Yes No the GED?

Yes No National Tests such as the SAT, ACT, etc?

Yes No other paper-pencil tests?

Specify:

The Math Placement Tests are multiple-choice (30-35 items) and, although our goal is to make them available online within the next year, they currently utilize a scannable answer sheet. They are timed (60 minutes) and must be proctored.

20. Considering tests administered in your college/campus testing center, describe how math placement tests are currently administered.

always sometimes never

- | | | | |
|-----------------------|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | Testing sessions are timed. |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | Students test individually on a walk-in basis. |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | Students receive their scores immediately after testing. |
| <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | Students meet with an advisor immediately after testing. |

21. How are students notified of the results of their placement testing? (mark all that apply)

- Written score report at end of test
- Written score available for pickup after test
- Online after test
- By phone after test
- Other

Specify:
