UW Medicine

DEPARTMENT OF BIOETHICS & HUMANITIES

Health through Social Justice

ANNUAL REPORT

2018 - 2019

ERIKA BLACKSHER, PhD ASSOCIATE PROFESSOR

- Published **Shrinking Poor White Life Spans: Class, Race, and Health Justice** as a target article for The American Journal of Bioethics, which attracted 10 commentaries.
- Invited to present at the National Academies of Science's Committee on Rising Midlife Mortality Rates and Socioeconomic Disparities (because of the above article).
- Presented "Challenges to Talking About APOL1 Gene Variants and Racial Disparities in Kidney Disease," as an invited distinguished faculty at the 2018 American Society of Nephrology Kidney Week: Racial Inequalities in Kidney Diseases: Connecting Social Factors to Genetic Risk.
- Invited research group member for The Hastings Center's "How Should the Public Learn? Reconstructing
 Common Purpose and Civic Innovation for a Democracy in Crisis," and invited to contribute to The Hastings
 Center Report "Reckoning with Whiteness and Renewing Our Capacities for Civic Listening and Learning in
 a Polarized and Unhealthy America."

DEB BOWEN, PhDPROFESSOR

- Completed randomized trial of website testing and working on data analysis as part of the NIH Electronic
 Medical Records and Genomics Network's eMERGE III to assess health impact, cost effectiveness, and
 ethical, legal and social implications of reporting genetic variants on a broader population scale for patients,
 clinicians and healthcare institutions.
- Completed participant recruitment for MAGENTA, a national randomized trial of genetic testing methods for women at risk of breast/ovarian cancer. Currently conducting follow-up procedures and data analyses.
- Continued participant recruitment for our national **Dilated Cardiomyopathy Precision Medicine study** and beginning data collection for the survey of probands and family members.
- Completed analyses of Seattle Cancer Care Alliance data on high risk testing among early adopters of genetic testing for BRCA, with subsequent data analysis.

GINA CAMPELIA, PhDASSISTANT PROFESSOR

- Published (with T. Tate) "Empathetic Practice: The Struggle & Virtue of Empathizing with a Patient's Suffering" in the Hastings Center Report (March/April 2019).
- Presented "Gendering Capacity: The Two Sided Vulnerability of Survivors of Abuse" at Canadian Bioethics Society Annual Meeting and Academy for Professionalism in Healthcare Annual Meeting.
- Co-created (with Tracy Brazg) the Bodemer Interprofessional Ethics Labs, collaboratively sponsored by the Bodemer Endowed Lectureship and The UW Center for Health Sciences Interprofessional Education Research and Practice.
- Developed and taught the new **Advanced Training in Healthcare Ethics** online certificate course "Healthcare Ethics Methods."

DENISE DUDZINSKI, PhD, MTSPROFESSOR & CHAIR

- Successfully launched the department's new online **Advanced Training in Healthcare Ethics** certificate program.
- Joined ethics committees for the Society of Critical Care Medicine & American Society of Clinical Oncology.
- Published (with A. Kon) "Navigating End-of-Life Decisions Using Informed Nondissent" in the American Journal of Bioethics.
- Plenary Speaker, "Tackling Moral Distress with the Moral Distress Map" at the National Nursing Ethics Conference.

3

MALIA FULLERTON, DPhil ASSOCIATE PROFESSOR

- **Co-authored 10 peer-reviewed publications** and one online commentary on a range of research ethics topics in clinical translational genomics, community engagement, and genealogical approaches to forensic genetic testing.
- Resubmitted an R01 application (with S. Lee) "Empirical Engagement with "Embedded Ethics" (E4): Lessons from the Field" to the National Human Genome Research Institute's Ethical, Legal, and Social Implications (ELSI) program. The proposed project will use a stakeholder engagement approach to examine the experience and perspectives of ELSI researchers and genome scientists involved with "embedded ELSI" approaches pursued in the context of genomic research.
- Chaired the doctoral committee of Sarah C. Nelson (Public Health Genetics), who successfully defended her dissertation "Third-party interpretation of personal genetic data: the tools, users, and implications for policymaking."
- Served as an invited member of the Population Screening Working Group, Genomics and Population Health
 Action Collaborative, Roundtable on Genomics and Precision Health, National Academies of Sciences,
 Engineering, and Medicine.

THOMAS GALLAGHER, MD PROFESSOR

- Received the **2018-John M. Eisenberg Patient Safety and Quality Award for Individual Achievement**, presented by the National Quality Forum and The Joint Commission.
- Published (with White AA, Sage W, Osinska PH, Salgaonkar MJ) "Patient safety and the ageing physician: a
 qualitative study of key stakeholder attitudes and experiences" in BMJ Quality & Safety.
- Published (with Fisher KA, Smith KM, Huang JC, Borton JC, Mazor KM) "We want to know: patient comfort speaking up about breakdowns in care and patient experience" in BMJ Quality & Safety.
- Published (with Mello MM, Sage W, Bell SK, McDonald TB, Thomas EJ) "Can communication-and-resolution programs achieve their potential? Five key questions" in Health Affairs.
- Published (with McDonald TB, Van Niel M, Gocke H, Tarnow D, Hatlie M) "Implementing communication and resolution programs: Lessons learned from the first 200 hospitals" in the Journal of Patient Safety and Risk Management.

NANCY JECKER, PhD PROFESSOR

- Completion of a new book entitled "Ending Midlife Bias: New Values fit Old Age" (Oxford University Press).
- Received an International Fellowship from the Japanese Society for the Promotion of Science.
- Submitted an application for a **Fulbright Fellowship**.
- Created a new course "Global Perspectives on Bioethics" in collaboration with the UW Department of Global Health.

HELENE STARKS, PhD ASSOCIATE PROFESSOR

- Launched an expansion of the Graduate Certificate in Palliative Care to train faculty in Portland, Oregon to develop a pediatric-specific track and a primary care-specific track. This expansion means that future cohorts of participants will get to choose between 3 options for the in-person learning experiences that will better match their practice environments. It also builds teaching capacity in regional hubs.
- Launched a new research study to evaluate diabetes curricula in high school biology and health classes.
- Co-authored publications from California about the implementation of the End of Life
 Options act to summarize hospital policies on how to implement the 2016 law that provides access to medical aid in dying.

PROGRAM HIGHLIGHTS

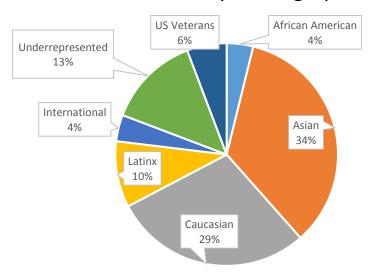

2018-2019

Academic Programs

Minor Program

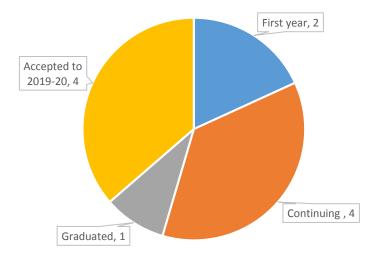

42 undergraduate students declared a Minor in Bioethics in 2018-2019.

Minor Diversity Demographics

Master's Program

6 graduate students pursued their Master's of Arts in Bioethics in 2018-2019.

PROGRAM HIGHLIGHTS

Bioethics Training Programs

- In 2018, the Department's UW Biomedical Research Integrity Program hosted 668 trainees for five lectures and 81 discussion groups. These activities fulfill the contact hours for NIH's annual Responsible Conduct of Research training requirement.
- The Department launched it's new **Advanced Training in Healthcare Ethics online certificate program** with nine students this academic year!
- The 31st **Summer Seminar in Healthcare Ethics Conference** was held 7/30-8/3/18 and hosted 97 attendees.
- The 2nd annual **Surgical Ethics Day Conference** was held 8/3/18 and hosted 22 attendees.
- Founded the Bodemer Interprofessional Ethics Labs, collaboratively sponsored by the Bodemer Endowed Lectureship and The UW Center for Health Sciences Interprofessional Education Research and Practice, to promote discussion-based learning of current ethical issues in healthcare and science. Two events were held this year, reaching more than 150 UW students, faculty, and staff.

EVENT HIGHLIGHTS

UW Medicine Bioethics & Humanities

BIOETHICS GRAND ROUNDS

thics | biology | medicine | philosophy | social determinants | politics | culture | life sciences | biotechnology | law

What gives them the right?

W**a**ivers

Consent

Legal privilege and waivers of consent for research

Waivers of informed consent for research are permitted in the United States under the Common Rule, HIPAA regulations, and the FDA's Exception from Informed Consent rule for emergency research.

Friday, October 12, 2018 11 am to 12 pm Health Sciences T-473

Discussion objectives:

- Assess what legal right researchers have to carry out research procedures without the permission of subjects
- Discuss whether it is reasonable to believe that subjects from whom no consent is sought would agree, if asked
- · Review what is known about participation and refusal rates in US-based research
- Address necessity for justification of waivers in terms of the social utility and acceptability of research

Guest Speaker: Jon F. Merz, MBA, JD, PhD Associate Professor, Dept. of Medical Ethics & Health Policy Perelman School of Medicine at the University of Pennsylvania

DRGANIZED BY: James Kirkpatrick, MD, Chair of the UWMC Ethics Committee

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Washington School of Medicine designates this live activity for a maximum of 6.0 AMA PRA Category 1 Credits. Physicians should claim not the credit commensurate with the extent of their cardication in the activity. (Each session 1.0 credit)

UW Medicine Bioethics & Humanities

BIOETHICS GRAND ROUNDS

ethics | biology | medicine | philosophy | social determinants | politics | culture | life sciences | biotechnology | lay

Is Death Relative?

Navigating the Clinical Complexities Surrounding Brain Death

Discussion objectives:

- Identify ethical controversies surrounding brain death.
- Describe practical aspects of brain death determination.
- Discuss multi-disciplinary strategies to respectfully and professionally support families experiencing brain death of a loved one.

Monday, November 5, 2018 4:30-5:30 pm <u>Plaza Café Conferenc</u>e Room A/B

Panelists

Claire Creutzfeldt, Mi Assistant Professor Neurology

James A. Fausto, MD
Associate Professor
Family Medicine
Medical Director, Palliative Care

Denise M. Dudzinski, PhD, MTS Professor and Chair Bioethics & Humanities

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Washington School of Medicine designates this five activity for a maximum of 50 AMA PRA Category 1 Credits. Physicians should callim only the credit commensurate with the extend for their participation in the activity. (Each season 1 to 2 redit).

INTERPROFESSIONAL ETHICS LAB: NAVIGATING COMPLEXITIES IN BRAIN DEATH

It's a Night of Bioethics

(and Pizza!)

(MSW, MPH, MD, DO, PharmD, BSN, DNP) to join the Department of Bioethics & Humanities and the Center for Health Sciences Interprofessional Education, Research & Practice for dinner and an evening of connecting with

In this lab, we will focus on applying some key approaches of clinical ethics to a case of conflict around the declaration of brain death. Ethics Consultants and clinicians from UWMC and HMC will habe quiete small groups discussion. using some of the language, principles, and tools that guide bioethicists.

Learning Objectives

- Learn about topic-specific principles of ethics and how they can be used to analyze a case of othical conflict or upcontainty.
- Work as a collaborative team to apply ethic analysis tools to the healthcare decisionmaking process

When: September 27, 2018, 5:30-7:30pm

Where: Pacific Room, Health Sciences Building UW School of Medicine

Please RSVP by Sep 15, 2018: kaybrke@uw.edu

The Bodemer Interprofessional Ethics Lab: Navigating Patients' Refusals of Care

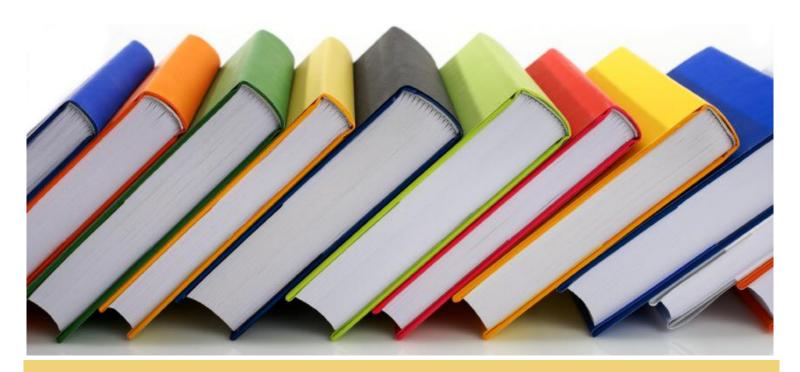

- Are you curious about how to work across differences between patients and health care teams?
- Are you interested in learning about practical approaches to ethical decision-making in clinical settings?
- Are you a health profession student looking for opportunities to learn alongside other health professions?

Join us for a night of bioethics (and dinner!)

When: Tuesday January 8, 2018, 6:00-8:00pm (food at 5:30pm!)

2018-2019 STAFF HIGHLIGHTS

Susan Brown Trinidad, MA, Senior Research Scientist

- Published (with Shaw JL, Dirks L, Ludman EJ, Burke W, Dillard DA) "Perceptions of alcohol misuse among Alaska Native healthcare system stakeholders: a qualitative exploration" in the Journal of Ethnicity in Substance Abuse.
- Published (with Beima-Sofie KM, Ngure K, Heffron R, Baeten J, John-Stewart GC, Kelley MC) "Lessons from PrEP: how experts weigh ethics and evidence when evaluating HIV-prevention medications for use in pregnant women" in AIDS and Behavior.
- Published (with Li M, Bennette CS, Amendola LM, Hart MR, Heagerty P, Comstock B, Tarczy-Hornoch P, Fullerton SM, Regier DA, Burke W, Jarvik GP, Veenstra DL, Patrick DL)
 "The Feelings About genomic Testing Results (FACToR) Questionnaire: preliminary development and validation" in the Journal of Genetic Counseling.
- Presented as an invited panelist at Oxford University's "REACH: Resilience, empowerment, and advocacy in women's and children's health research, an international collaborative study in research ethics," which was sponsored by The Wellcome Trust and MRC Newton Fund.

FINANCE & ADMINISTRATION HIGHLIGHTS

- Launched a new department website
- Created an electronic sign-in and automated survey system for the UW Biomedical Research Integrity Program
- Facilitated the crafting a new departmental Mission Statement:
 Health through Social Justice
- Began work on a self-service Grant Tracking tool with the Department of Global Health
