| Monday Feb 5 | 12:30 – 2:30 pm | **UCEDD/LEND Core Training**  
Recognizing Adverse Childhood Events (ACEs) - Implications for Life Course - An Experimental Activity  
Taking Care of Yourself While Taking Care of Others  
UW LEND Faculty and  
Lynn Vigo, MSW, Seattle Children’s Hospital  
LEND, CTU, UCEDD | CD 150 | 206-221-6525 |
| Monday Feb 12| 12:30 – 1:30 pm | **UCEDD/LEND Core Training**  
Strengths Based Leadership, Part 2  
Sally Stuart, Ph.D., Clinical Associate Professor of Social Work  
UW LEND Interim Co-Director  
LEND, CTU, UCEDD | CD 150 | 206-221-6525 |
| Tuesday Feb 13| 11:30 – 1:00 pm | **Department of Pharmacology**  
Vitamin A Homeostasis in Health and Disease: From *in vitro* biochemistry to *in vivo* tissue specific changes in signaling  
Nina Isoherranen, Ph.D., Professor and Chair of Pharmacology  
CHDD Research Affiliate | D-209 | 206-543-1970 |
| Friday Feb 16 | 12:00 – 1:30 pm | **CIBR/CHDD Seminar Series**  
Investigating Gliogenesis and Glia with Somatic Transgenesis  
Joshua Breunig, Ph.D., Assistant Professor of Biomedical Sciences  
Cedars-Sinai Medical Center | JMB 1112 | 206-884-1307 |
| Wednesday Feb 21 | 7:00 – 8:00 am | **Department of Neurological Surgery**  
TBD  
Thomas Grabowski, M.D., Professor of Radiology and Neurology  
CHDD Research Affiliate | HMC R&T Bldg, 1st Fl. Aud. | 206-744-6934 |
| Thursday Feb 22 | 4:30 – 5:30 pm | **Department of Neurology Grand Rounds**  
Transitioning to Adulthood with a Neurologic Condition – Lessons from the Autism Community  
Gary Stobbe, M.D., Clinical Associate Professor of Neurology  
Director, Adults & Elders Program  
UCEDD | K-069 | 206-616-6992 |
| Friday Feb 23  | 3:30 – 4:30 pm  | **The Virginia Merrill Bloedel Hearing Research Center**  
TBD  
Olivia Bermingham-McDonogh, Ph.D., Associate Professor of Biological Structure  
CHDD Research Affiliate | CD 150 | 206.616.6655 |
| Monday Feb 26  | 12:30 – 1:30 pm | **UCEDD/LEND Core Training**  
Newborn Screening  
John Thompson, Ph.D., Newborn Screening Program Director  
WA State DOH | CD 150 | 206-221-6525 |
| Thursday Mar 1 | 4:30 – 5:30 pm | **Advance Notice**  
Department of Neurology Grand Rounds  
Probing Neuroinflammation: Implications for Therapeutic Delivery in the Developing Brain  
Elizabeth Nance, Ph.D., Assistant Professor of Chemical Engineering  
CHDD Research Affiliate | K-069 | 206-616-6992 |
| Friday Mar 2   | 12:00 – 1:30 pm | **CIBR/CHDD Seminar Series**  
Development of Novel Viral Tools to Study Neuronal Circuits and as Drug-inducible Gene Therapies for Epilepsy  
Edward Perez-Reyes, Ph.D., Professor of Pharmacology  
University of Virginia | JMB 1112 | 206-884-1307 |
