a copy thereof as finally approved lodged permanently with the Company. In so passing upon such plans, specifications, plot plan and grading plan, the Company may take into consideration the suitability of the proposed building or other structure and of the materials of which it is to be built to the site upon which it is proposed to erect same, the harmony thereof with the surroundings and the effect of the building or other structure as planned on the outlook from the adjacent or neighboring property.

#### Subdivision 4.- Minimum Frontage.

Every building erected on any plot shall have appurtenant ground fronting on the street on which the plot fronts.

If the plot consists of one lot only, and the frontage of such lot is less than fifty feet, then the minimum quantity aforesaid of fifty feet may be reduced to the frontage of said lot.

Every building erected on any plot shall front or present a good frontage on the street on which said plot fronts.

#### Subdivision 5.- Set Back from Street Line.

In the residential district, no building or part thereof, except as hereinafter provided, shall be erected or maintained on any of said lots nearer to the front street, or the side street, than the front building line or the side street building line of the lot or lots on which such building may be erected, as shown on said plat; provided, however, that the Company in the deed to such lot, may change said building lines, or may at any time thereafter, with the consent in writing of the owner of the fee simple title to such lot, change said building lines, or may change the building lines which it may have established by said deed; provided, however, that no change may be made at any time which, in the residential district, will bring the front building line nearer than fifteen feet to the front street, or the side

building line nearer than five feet to the side street.

Covered or uncovered, but not enclosed, porches, the floors of which are not higher than the level of the first floor of the building, steps extending not higher than the level of the first floor of the building, bay or oriel windows, vestibules, cornices, spoutings, chimneys, or other similar projections, if in the residential districts, may extend not more than six feet beyond the front building line, and not more than five feet beyond the side street building line. By "building line", as here used, is meant the building line as shown on the plat or as changed by the Company in accordance with the next preceding paragraph.

No fence or wall, except with the Company's consent in writing, shall be erected or maintained on any lot nearer the front street than the front building line of said lot.

No outbuildings, or part thereof, shall be erected or maintained on any of said lots nearer to the front street or the side street than the outbuilding line of the lot or lots on which such outbuildings may be erected, as shown on said plat; provided, however, that the Company, in the deed to any of said lots, may change said outbuilding line, or may at any time thereafter, with the consent in writing of the owner of the fee simple title to such lot, change said outbuilding line, or may change the outbuilding line which it may have established by said deed; provided further that no change may be made at any time which will permit the erection or maintenance on any lot of any outbuilding more than ten feet nearer to the front street or more than ten feet nearer to the side street than the outbuilding line shown on said plat; and provided further that no change may be made at any time, which will permit the erection or maintenance on any lot of any outbuilding nearer to the front street than the outbuilding line shown on this plat, without the consent in writing of the record owner of the fee simple title

to the contiguous lot or lots which fronts or front on the same street, or which will permit the erection or maintenance on any lot of any outbuilding nearer to the side street than the outbuilding line shown on this plat, without the consent in writing of the record owner of the fee simple title to the lot in the same block which adjoins the same side street.

Every outbuilding, except a green-house, erected on any of said lots shall, unless the Company otherwise consents in writing, correspond in style and architecture to the residence to which it is appurtenant and shall be of the same exterior material as such residence.

#### Subdivision 6.-Set Back from Side Property Line.

No part of any building, except outbuildings, shall be nearer than four feet to the side property line of the plot upon which it is erected, except that cornices, spoutings, chimneys, and purely ornamental projections may extend beyond said four foot line, but not more than three feet beyond said four foot line.

The provisions of this subdivision shall not apply to the retail district.

#### Subdivision 7.-Company's Judgment Conclusive.

The Company shall in all cases have the right to say and determine which are the front street, side street, rear and side property lines of any plot, and also the amount of the set back from said lines necessary to conform to the requirements hereof, and the Company's judgment and determination thereon shall be final and binding on all parties.

#### Subdivision 8.-Minimum Cost of Residence.

Any residence erected wholly or partially on any of the lots, or part or parts thereof, in the residential district shall cost not less than \$1,000.00.

If any public authority shall condemn for public uses any streets shown on said plat and in the condemnation proceedings damages shall be awarded to the Company for the taking of such street, the Company agrees to apply the amount received by it as damages in such condemnation proceedings, or so much thereof as may be necessary for the purposes, to reimbursing the owners of any land shown on said plat against whom in such proceedings benefits may have been assessed in excess of the damages awarded to them.

II. RESERVATIONS, RESTRICTIONS AND COVENANTS.

The Company declares that the land shown on said plat above referred to is held and shall be conveyed subject to the reservations, restrictions and covenants set forth in the various subdivisions of this declaration, to-wit:

And provided further that no building to be used for a hotel shall be erected or maintained in the residential district.

Parks and playgrounds may be laid out and maintained in the locations approved in writing by the Company.
