No structures shall be erected, altered, placed, or permitted to remain on any residential building plot other than one detached single-family dwelling not to exceed two stories in height and a private garage for not more than three cars and other outbuildings incidental to residential use of the plot.
- B--- No building shall be erected, placed, or altered on any building plot in this subdivision until the building plans, specifications, and plot plan showing the location of such building have been approved in writing by a majority of an architectural committee composed of the Director of, or appointed by the Pilots Housing Association Inc. for conformity and harmony of external property and building setback lines. In the case of the death of any member or members of said committee, the surviving members or member shall have authority to approve or disapprove such design or location. If the aforesaid committee or their authorized representative fails to approve or disapprove such design and location within thirty days after plans have been submitted to it, or if no suit to enjoin the erection of such building, or the making of such alterations has been commenced prior to the completion thereof, such approval will not be required. Said committee or their authorized representative shall act without compensation. Said committee shall act and serve for eight years, at which time the then record owners of a majority of the lots which are subject to the covenants herein set forth may designate in writing duly recorded among the land records their authorized representative who thereafter shall have all of the powers, subject to the same limitations, as were previously delegated herein to the aforesaid committee.
- C--- No building shall be located nearer to the front lot line or nearer to the side street line than the building setback lines shown on the recorded plat. - D--- No noxious or offensive trade or activity shall be carried on upon any lot nor shall anything be done thereon which may be or become an annoyance or nuisance to the neighborhood.
- E--- All dwellings must have a sanitary sewage disposal system which shall consist of an approved septic tank, until such time as an adequate system of sewer mains and lines shall be installed.
- F--- No persons of any race other than the Caucasian (white) race shall use or occupy any building or any lot, except that this covenant shall not prevent occupancy by domestic servants of a different race domiciled with an owner or tenant.

- K--- No lots shall be used for the breeding and raising of cows, horses, goats, sheep, mules, pigs, wild animals, and rodents under any circumstances, or for the keeping, quartering, housing, or maintaining of any of the aforementioned animals.
- L--- No fence will be erected between lots or erected on the tract without the written approval of the aforesaid mentioned architectural committee.
- M--- These covenants are to run with the land and shall be binding on all the parties and all persons claiming under them until January 1, 1970, at which time said covenants shall be automatically extended for successive periods of ten years unless by a vote of the majority of the then owners of the lots it is agreed to change the said covenants in whole or in part.
