

Infant and Toddler Mathematics Goal Setting Guide

Name:

Date:

What will be the math content focus of your goal?

- Number and Operations: Opportunities for children to develop sense of number and quantity
- Geometry and Spatial Sense: Opportunities for children to use spatial awareness to understand objects and their movement in space
- Measurement and Pattern: Opportunities for children to match and sort objects to understand similar and different characteristics

What will be the teacher practice focus of your goal?

- Providing engaging mathematics materials
- Providing fun and developmentally appropriate activities to engage children in mathematics
- Noticing and responding to infants' and toddlers' activity by adding "mathy" comments, questions, and observations

What is your "SMART" goal? (Specific, Measurable, Achievable, Relevant, Timely):

What resources or support do you need?

What steps will you follow?

By what date will you do this?

Who will observe you doing this and give feedback? (Be sure to ask them!)
