

# MICHAEL DUERDEN

## Targeted Rural Underserved Track

Idaho

Entering Class of 2014

*TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.*

Hi Jerome! My name is Mike Duerden, and I am excited to be able to serve and learn in your community as part of the TRUST program. I have been happy to call Idaho home for over 25 years, and have always enjoyed my visits to Magic Valley. I attended BYU-Idaho and ISU and have a BS in Psychology. After my undergraduate degree, I had the opportunity to be involved with a Southeastern Idaho-based non-profit that provides behavioral health and homeless assistance services. Those experiences shaped my desire to study medicine, and I look forward to being able to continue to work to provide help to those who are in need.
