Targeted Rural UnderServed Track

WWAMI
TRUST
UW MEDICINE

Montana

Entering Class of 2014

TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.

Hello Butte! My name is Lauren Stanley, and I am so excited to be joining you this June as a first year TRUST medical student!

Though I currently live in Missoula, I am proud to call Livingston and the Paradise Valley my home. I was born in 1989 to Heather and Larry Stanley, who have taught me to love the outdoors, appreciate the wonderful state we live in, and live life with an open heart. I have one older sister, Jennie Lynn, who will always be my best friend and role model.

After graduating from Park High School in 2007 I attended the University of Puget Sound in Tacoma, WA for two years before finishing my degree at the University of Montana in Exercise Science in 2012. Since graduating I have been working as a personal care giver for two wonderful women, one of who passed away this last October, and one who I will miss terribly as I head off to medical school. I have also been working as an electronic medical records tutor for local Montana physicians who are transitioning into the use of electronic medical records.

During my days off, I love to be in the outdoors. You will find me hiking, biking, running, skiing, backpacking, playing soccer, floating the river, soaking in hot springs, or sitting in the sun with a good book. I also love

to listen to music, especially bluegrass, and if there is the opportunity I will always dance ,dance, dance!

I feel honored to start my medical school journey with all of you in Butte!

I look forward to meeting all of you!

Lauren
