**Lee Spencer**

**Leespen@uw.edu**

Hi, my name is Lee M. Spencer, and I am a first year medical student at the University of Washington. I grew up in Grangeville, so I've been lucky enough to experience some of McCall's outdoor opportunities in the past. Now, I am thrilled to learn about medicine in McCall, and hope to practice medicine in a rural area one day.

My interest in rural medicine began when I started volunteering for the ambulance service in Grangeville. Other than healthcare, some of my interests are agriculture, current events, Latin America and sports. If you play racquetball or ping pong, please ask me for a game.

**Dave Hall, MD** is the primary preceptor for the McCall, ID TRUST site.
