Washington  
School of  
Medicine

Hello Dillon!

My name is Louis Bartoletti and I am excited and honored to be coming to Dillon this summer to start my medical school training. I was raised right down the road in Sheridan and truly love the area that we are all so lucky to call home. I grew up on a ranch just outside of town and spent most of my childhood adventuring in the hills and along the creek that runs through the property. Most of my greatest memories from my younger years are from horseback rides and camping trips with my three sisters and parents. To this day I am an avid outdoorsman and try to get into the spectacular Tobacco Root mountains as much as possible to backpack and explore.

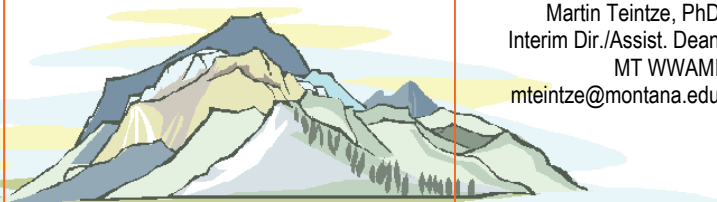

After high school I traveled around Europe for a year and then decided to enroll at Carroll College to complete my undergraduate studies. Besides working toward my degrees in Biology and Spanish, I helped found the Carroll Outreach Team which organizes volunteer opportunities for students around Helena and in Latin America.

Since graduating college I married the love of my life Jade Johnstone. The last two years have been a crazy whirlwind of planning our wedding, building a cabin, applying for medical school, and bouncing around the Western Hemisphere on our honeymoon. Unfortunately, to finance all these activities we currently find ourselves separated by a few thousand miles. The beautiful Jade just landed a job as an RN on the labor and delivery floor at Bozeman Deaconess! And I am spending my eighth summer up in Bristol Bay, Alaska for the sockeye salmon run where I am employed as a heavy equipment operator. Needless to say I am looking forward to coming back to my wife and to Montana! I am also very excited to be working with Dr. Burke Hansen at the new medical facility in Dillon. Thank you very much for your time and I hope to meet you in August!

Sincerely, Louis Bartoletti

Burke Hansen, MD  
TRUST Preceptor  
Address: Barrett Hospital  
30 Hwy 91 South  
Dillon, MT 59725
