## Targeted Rural UnderServed Track

WWAMI  
**TRUST**  
UW MEDICINE

Montana

Entering Class of 2015

*TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.*

Hello Miles City!

My name is Aaron Maus and I am excited to begin my UW TRUST experience with you.

I am not unfamiliar with Miles City, as I am a native of eastern Montana. I grew up on a ranch south of Wibaux, and graduated from Wibaux County High School. I later attended MSU-Billings, and graduated in May 2014 with a bachelor's of science in biology. After graduating from college, I worked as a phlebotomist/lab assistant at Glendive Medical Center; a job I found very rewarding. I left GMC in May to spend time with my family and enjoy the summer before starting medical school.

I am currently back home in Wibaux working with my family. When I am not working on the ranch, I enjoy listening to music, reading, or going for a run. I am very excited to begin my medical education at Miles City, and I look forward to becoming part of your community in the months ahead.

*Aaron*

*Front row: Mom & Dad and  
Rylan (nephew)*

*Back row: Alisa (sister), Aaron,  
and Nick (brother).*

*Aaron, with his nephew, Rylan*
