

# DALTON PEASLEE

## Targeted Rural UnderServed Track

WWAMI  
**TRUST**  
UW MEDICINE

Montana

Entering Class of 2016

*TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.*

Dalton & his girlfriend, Devin

Hello Libby!

My name is Dalton Peaslee and I am excited to be your incoming TRUST student for 2016. I was born and raised in Helena and have deep ties to Montana. Both sides of my family have homesteaded and ranched in places such as the Avon Valley, Gallatin Gateway, the Paradise Valley, and the Pine Hills in eastern Montana. In my spare time I enjoy hunting, fishing, camping, backpacking, and spending time outdoors. Needless to say, I feel at home in the Rocky Mountains and I don't think Libby will be any different.

I graduated from Capital High School in 2009, where I focused my energy playing football. I then went on to play football for a year for the MSU Northern Lights. After transferring schools several times, I settled down at the University of Montana where I obtained a BA in Human Biology. After graduating in May 2015, I travelled to Uganda with a volunteer group working in the local hospital and schools. Once I returned from Africa, I temporarily moved to Pensacola, Florida, where my girlfriend is finishing school to become an Ultrasonographer. I look forward to moving "home" and completing medical school through the University of Washington.

I appreciate the opportunity to be a part of your community and I look forward to meeting you in July!

*Dalton*
