

CASEY GLENN

Targeted Rural Underserved Track

WWAMI
TRUST
UW MEDICINE

Idaho

Entering Class of 2017

TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.

Hello, Hailey!

My name is Casey Glenn and I am excited to be a University of Washington School of Medicine TRUST Scholar and to meet all of you in the wonderful community of Sun Valley.

I grew up in a small town outside of Elko, Nevada. I completed my undergraduate studies at Boise State University, where I quickly fell in love with Idaho and all that it has to offer. I have family in Stanley and Challis but have not spent much time in the Sun Valley area. I enjoy camping, hiking, fishing, wakeboarding, mountain biking and snowboarding and am excited to take advantage of these opportunities your community has to offer over the next 4 years!

I look forward to getting to know and work with you all!
See you soon!

-Casey Glenn
