

ETHAN SLIGHT

Targeted Rural Underserved Track

WWAMI
TRUST
UW MEDICINE

POWELL, WYOMING

Entering Class of 2017

TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.

Hello, Powell!

My name is Ethan Slight and thrilled to be Powell's E2017 Trust Scholar! I grew up just a few miles away in Cody and I am very excited to be returning to the area to start my medical training. For the past several years I have been living in Boise, Idaho. While there I attended Boise State University where I graduated with a Bachelor's of Science in Health Science Studies and a Biology minor in 2016. During my time at Boise State, I also ran for their Men's Track & Field program.

In my free time, I can usually be found hanging out next to a river somewhere. I love kayaking and rafting. Over the past few years, my summers have been spent working as a raft guide in Idaho. During the past year, I had the opportunities to row on the Grand Canyon and Middle Fork of the Salmon. They were awesome. Additionally, I've also been told I'm an okay dancer.

I am very excited to meet and learn from all of you!
