

MICHELLE HIEBERT

Targeted Rural UnderServed Track

WWAMI
TRUST
UW MEDICINE

Montana

Entering Class of 2017

TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.

Hello BEA-utiful Butte, MT!

My name is Michelle Hiebert, and I am extremely excited and honored to be paired with my hometown as my UW TRUST site! I was born in Texas, but at the ripe age of 2 months old moved to Butte, MT. I lived in Butte my entire life until I moved away for college. It took me until I was about 15, but I fell in LOVE with Butte and the people of this town. Butte will forever and always hold a huge chunk of my heart, and doing my TRUST experience here is an amazing opportunity for me to pour back into the community that made me who I am.

After graduating from Butte High School, I moved to Moorhead, MN to attend Concordia College. I majored in Biochemistry and minored in Biology. I loved the people of the Midwest, but decided that I missed Montana too much and needed to move back after graduating in 2015. Since graduating college, I have lived and worked in Butte, aside from spending 5 months overseas in Turkey and Kyrgyzstan with the program Youth with a Mission. I am currently living in Butte and working at Abundant Life Fellowship as the Youth Pastor and Copper Ridge Health and Rehab as a CNA. My roots in this town run deep, and I cannot wait to serve the medically underserved here!

In my free time and when I am not travelling the world (which is a thing I love to do), I mostly hike, ski, and camp (typical Montana things). I love playing Ultimate Frisbee and Volleyball with friends and really doing anything that gets me outdoors and active!
