

UW Faculty Development Fellowship – January 2017
Web Resources to Support Residents in Becoming Effective Teachers

Mt. Sinai – Center for Medical Education. Lots of resources here for faculty AND residents regarding teaching skills development, professional development workshops and links to other centers of teaching excellence.

<http://icahn.mssm.edu/research/ime/resources>

University of Virginia – online resource for teaching curriculum, “plug and play”

<https://www.med-ed.virginia.edu/courses/resasteachers/>

Academic Life in Emergency Medicine – very dynamic model of Prezi-presentation based, asynchronous online resident curriculum for ER “Teaching Resident” R3 elective. Principles easily translatable to Fam Med. Great model for developing a “clinical educator” elective.

EXAMPLES OF WORKSHOPS AND FELLOWSHIPS IN MEDICAL EDUCATION

Harvard – 2 day workshop for residents interested in working in academic medicine (lower right corner of the webpage.)

<http://www.harvardmacy.org/>

Family Medicine Master Teacher Fellowship – Tufts University 2 year full time fellowship, get Masters in Medical Education through cooperative relationship with Scottish University of Dundee. Need to be eligible for medical license in Massachusetts.
