

# KIERA BULLUCK

## Targeted Rural UnderServed Track

Montana

Entering Class of 2018

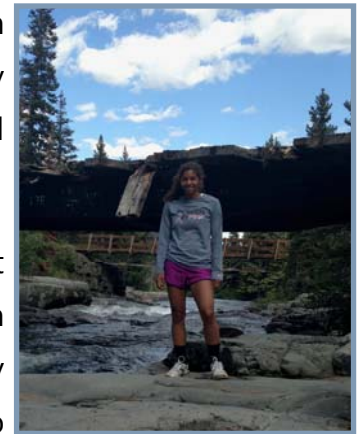

*TRUST seeks to provide a continuous connection between rural, small city underserved communities, medical education, and health professionals in our region. Our goal is to create a full-circle pipeline by guiding qualified students through a special curriculum that connects continuity communities in WWAMI to the University of Washington School of Medicine and its network of affiliated residency programs in an effort to help meet the workforce needs of the region.*

*Kiera and her parents*

Hello Lewistown! My name is Kiera Bulluck and I am beyond excited to be returning to Lewistown - my hometown - this summer to begin my medical training!

I was born in Billings, MT where I lived for the first few years of my life. My brother, parents, and I then moved to Denver, CO where I attended elementary school. After my 5th grade year, we moved to Lewistown, which is where my mother and the rest of

*Hiking the Crazyies*

her family are from. I went on to graduate from Fergus High School in 2012.

After graduating, I moved to Tempe, AZ where I attended Arizona State University. During my time completing my undergraduate degrees, I also competed on the track and field team as a hurdler and sprinter. In 2016, I graduated from A.S.U. with my B.S. in biology and psychology. Since graduating, I have been working as a medical scribe at the Arizona Heart Institute in Phoenix, AZ. I like to spend my free time hiking, camping, running, and reading. I am very much looking

forward to returning to Montana and furthering my education!
