# Approval of Minutes

Senate Meeting  
November 6, 2013  
Johnson 75

## **Call to Order and Approval of Agenda:**

Chris Lizotte (President): I will now call this meeting to order at 5:34pm. First of order, I'll entertain the motion to approve the agenda. There's a typo on the agenda. We're not going to take 30 minutes for Previously on GPSS. We don't actually need to amend the agenda since I will just choose to only take 3 minutes out of the 30 but if someone wants to we can.

Eddie Schwieterman (Astronomy): Motion.

Colin Bateson (Mechanical Engineering): Second.

## **Approval of Minutes:**

Chris L: Any opposed? Second, I'll entertain the motion to approve or amend the minutes that were sent out last week.

Patty Gauthier (History): I move to approve the minutes.

Yasmeen Hussain (Biology): I move to second it.

## **Previously on GPSS:**

Chris L: Any objections? Previously on GPSS. This is a segment where we just have a recap of the previous senate meeting. Do we have any new senators this week? We'll do the ultra lightning fast version of the introductions of the officers.

Elisa Law (Secretary): Elisa Law, secretary.

Chris Erickson (Vice President): Chris Erickson, vice president.

Genesis Gavino (Treasurer): Genesis Gavino, treasurer.

Chris L: And I'm Chris Lizotte, your president. Any executive senators in the room?

Alice Popejoy (Public Health Genetics): Alice Popejoy, public health genetics.

Chris L: Last week, we introduced a segment called 'GPSS Spotlight on...'. We decided to set aside a time in our agenda to highlight things that are going on around campus in various departments, programs and extracurricular groups. I kicked it off with giving a presentation

## Communications & Outreach Committee:

The Communications and Outreach Committee currently has four active members, three of which are GPSS staff and we're looking for 3 or 4 more. We've got such a fun job! The function of this committee is to brainstorm, plan and run GPSS social events like the Fall and Spring Socials!

We meet a couple times a month to discuss our next big event, the title/theme, design ideas for our posters and advertisements, pick what activities we'll have, how we'll recruit volunteers, and evaluate and improve from our previous events. Sometimes there's even an arts and crafts element to it. But don't worry, we won't force you to make paper chains if you're not into it.

This committee is particularly rewarding because all the planning blossoms into an event that so many people get to enjoy. It's a great way to gain experience in events planning and management if that's something you're interested in pursuing.

# Approval of Minutes

Senate Meeting Minutes

Oct. 9, 2013

HUB 332

Call to Action:

Chris Lizotte (President): Call this meeting to order at 5:36 pm. First order of business, we have a guest with us today that is not on the agenda so I will entertain a motion to add 10 minutes after introductions for Julianne Behar from the Washington Student Association to give a presentation.

Eddie Schwieterman (Astronomy): Moves

Duru Altug (Near Eastern Languages and Civilization): Second

Chris L: Any objections? Extensions? Great, motion passes. Thank you very much.

Approval of Minutes:

Chris L: Now, I will entertain a motion to approve minutes from last senate meeting, which was in May 22<sup>nd</sup>. Those of you who are senators hopefully received this and of course poured over in quite detail.

Yasmeen Hussain (Biology): Motion

Colin Bateson (Mechanical Engineering): Second

Chris L: Any objections? Extensions? Excellent, thank you.

Introductions:

Chris L: By the way, for those of you who are new, our returning senators are demonstrating excellent form for stating their name and department for the minutes when you raise your hand to say something or second. Now we are going to introduce ourselves, the officers as well as our executive committee. So I guess I'll start. My name is Chris Lizotte. I am your president for the 20132014 school year. I'm from the department of geography where I'm a 5<sup>th</sup> year PhD

## Overview

- Technology used:
  - In a manner beneficial to all students; and,
  - To supplement the technology needs of students; and,
  - To enhance the resources of the University of Washington.
- This goal is accomplished through the levying of a \$41/quarter fee on students.
- Technology is chosen through application process and Committee decisions.

Graduate and Professional Student Senate (GPSS) King  
County Metro Resolution 1.01.

Wednesday, October 23, 2013

Submitted by: GPSS Officers, GPSS Executive Committee,  
GPSS Senate, others

Title: An appeal to Governor Jay Inslee to call a special  
legislative session in November of 2013 and a call to the  
Washington State Legislature to pass a transportation  
package that includes the option for the local funding of  
transit.

## Article 1.1

WHEREAS: Representatives of the Washington State Legislature assert that they are committed to ensuring access to education for students; and

WHEREAS: Transportation is essential for the public's access to education; and

WHEREAS: Transit provides social and environmental benefits to the common good, including access to education and employment from low-income areas, as well as decreasing emissions and congestion; and

WHEREAS: The GPSS views transit as a vital service to the University of Washington's research and teaching missions, University of Washington's core value of environmental sustainability, the economic prosperity of the surrounding region, and the common good; and

## Article 1.2

WHEREAS: The current level of transit service is already underserving the region's demand by approximately 10%, already stifling educational opportunities for University of Washington students; and

WHEREAS: The King County Metro faces a 17% budget cut beginning in September 2014, with a \$75 million shortfall, 600,000 hours of service cut, and up to 65 routes deleted; and

WHEREAS: King County Metro's transit service is an economic priority to the state; with over 115 million rides per year, 55% of which are rides to and from school and work; and

WHEREAS: Transit provides benefits to the common good; saving King County Metro riders \$365 million annually in time and fuel savings, while taking approximately 175,000 cars out of traffic congestion per day; and

WHEREAS: The cuts facing King County Metro will add approximately 25,000 cars to traffic congestion every day, inhibiting the fluidity of the state's economy; and

WHEREAS: King County Metro has done its part by increasing fares by 80% since 2008; and already exhausting efficiency measures, including reducing labor costs, reducing capital investments, and reducing operating reserves used for emergency situations; and

WHEREAS: University of Washington students depend on King County Metro for over 5.6 million rides per academic year; and

WHEREAS: 89% of UW students utilize their U-PASS to commute to work and school; and

WHEREAS: Many routes serving the University District area, including the 48, 65, 67, 68, 70, 71, 72, 73, 271, and 372 -- are at risk of having reduced service; and

WHEREAS: The University of Washington has contributed to the mission of creating sustainable, long term support of transit, by approving a universal U-PASS, a collective agreement to support affordable transit in the Puget Sound region; and

## Article 1.5

And THEREFORE, be it resolved, that the Graduate and Professional Student Senate formally recommend to the Governor and the Washington State Legislature:

THAT: A special legislative session is called in November of 2013 to approve a transportation package for Washington State; and

THAT: An option for the local funding for transit be included in the approved transportation package; and

THAT: State legislators take into consideration the impact that would be felt in the Puget Sound region if King Country Metro proceeds with the budget cuts, and the ripple effect it would have on the economic health of Washington State; and

THAT: State legislators take into consideration the contradictory message they would be sending their constituents if they don't find a sustainable solution to fund public transit, which is an imperative component of increasing access to higher education, which many state politicians have made the assertion that they are committed to; and

THAT: A copy of this resolution is sent to the offices of Governor Jay Inslee; House Transportation Committee Chair Judy Clibborn, and Vice Chairs, Jake Fey, Marko Liias, and Luis Moscoso; Senate Transportation Co-Chairs Curtis King and Tracey Eide; King County Executive Dow Constantine; King County Council, others.

# Approval of Minutes

Senate Meeting Minutes  
October 23, 2013  
Johnson 75

## Call to Order:

Chris Lizotte (President): I will call this meeting to order at 5:35pm. First order of business is to approve the agenda. We were suppose to have a presentation from the student technology fee committee tonight but they are unable to make it so I will entertain a motion to amend the agenda by striking that.

Edward Schwieterman (Astronomy): Motion.

Duru Altug (Near Eastern Languages & Civilization): Second.

## Approval of Agenda:

Chris L: Any opposed? Thank you. Now, I will entertain a motion to approve the agenda as amended.

Colin Bateson (Mechanical Engineering): Moved.

Yasmeen Hussain (Biology): Second.

## Approval of Minutes:

Chris L: Any opposed? Thank you. Next step, the minutes from the last meeting. Are there any requests to amend the minutes? If not, I will entertain a motion to approve the minutes as written.

Yasmeen: Moved.

Colin: Second.

## Previously on GPSS:

Chris L: Previously on GPSS. So who is new this week? So last week we had our first official meeting of the year. We went through the introductions with our officers and staff. Because we many new people, why don't we just do a super lightning quick officer and staff introductions.

Elisa Law (Secretary): My name's Elisa Law. I'm a 2<sup>nd</sup> year museology student and I'm the GPSS secretary this year.

Genesis Gavino (Treasurer): Genesis Gavino, treasurer, 2<sup>nd</sup> year Evans student.

## Update:

Since our last meeting...

- Governor Inslee called a special session to begin on Thursday, November 7, 2013
- The session will last one week and also include hopeful passing of some legislation concerning Boeing and aerospace.
- It is important to send this message, because time is limited and a deal is not yet done.

## 2014 State Legislative Agenda

As the only graduate and professional student government in the state of Washington, GPSS recognizes the importance of leading the charge in advocating for higher education access and affordability for all graduate and professional students, but especially those at the University of Washington.

GPSS will advocate on a platform of solidarity with our state partner and member organizations: Associated Students of the University of Washington (ASUW) and the Washington Student Association (WSA), when appropriate, and not in conflict with the goals of the GPSS legislative agenda.

The GPSS Legislative Agenda for the 2014 session will focus on the following priorities:

### GPSS 2014 Priorities:

#### **1.) State Funding for Academic Excellence.** GPSS supports:

- The recruitment and retention of diverse world-class faculty and globally competitive students, and underrepresented students, faculty, and staff in graduate and professional programs.
- Programs that support the continued integration of graduate students in the Washington State workforce.
- Reinforcing the benefit of the University of Washington and its graduates to the economy and vitality of Washington State.
- Restoration and expansion of financial aid programs that have been cut or eliminated in recent years that supported graduate and professional students.
- Maintaining the quality of instruction and research by providing academic student employees with competitive compensation.

#### **2.) Transportation.** GPSS supports:

- A transportation package that includes a local option for the funding of public transit.
- Alternatives that would create the necessary funding to prevent service cuts to public transit, should a statewide package not be passed.
- Solutions for finding ways to expand public transit services.

#### **3.) Reasonable and Predictable Tuition.** GPSS supports:

- Policies supporting reasonable and predictable tuition rates, which are crucial for student retention and degree completion.
- Requirements that all proposed tuition increases are presented to students in a transparent manner for input. Proposals to move programs from state-supported to fee-based should have additional notification and student involvement requirements.

#### **4.) Student Voice and Shared Governance in University Decisions.** GPSS supports:

- Direct student involvement in University policies to ensure students are fairly represented in decisions that affect them.

## Additional GPSS Position Statements

While funding is important and essential to graduate and professional student advocacy efforts, it is important that GPSS focus on changing the conversation to not only be about revenue, and allocation of dollars to the University of Washington for graduate and professional student programs, but also telling the story of how we are creating value for the state, and focusing on issues that graduate and professional students care about. Thus, reinforcing the importance of funding graduate and professional programs at the University of Washington.

### **Student Wellness.** GPSS supports:

- Policies that increase the physical and mental health, safety, and well-being of the University community.

### **Sustainability.** GPSS supports:

- Efforts to increase environmental stewardship and sustainability on campus.

### **Voting Accessibility.** GPSS supports:

- Increased student voting accessibility, including ballot drop boxes on or near college campuses, and extending the deadline date for online voter registration.

### **Veteran's Issues.** GPSS supports:

- Eliminating the state-residency waiting period for qualifying student veterans and regulating "veteran-friendly" University status.

### **Text Book Sales Tax Holiday.** GPSS supports:

- Easing the cost burden of students on required class materials.

### **Social Impact Bonds.** GPSS supports:

- Private-public partnerships that expand the capabilities of social programs and services, and provide new funding that benefits the University's programs and students.

We, the State Legislative Steering Committee of the Graduate and Professional Student Senate at the University of Washington submit these items for the approval of the Senate to authorize work on these important issues, and any additional items at the discretion of the Vice President with the approval of the GPSS Executive Board.

## Call to Order & Approval of Agenda:

Chris Lizotte (President): While we're waiting for the ever-diligent HUB Services facilities folks to get our presentation up, I'll call this meeting to order at 5:34pm. Pretending the agenda is up there, and if I seem a little spacey, I just came off the plane from Washington DC and came right here. Fortunately I have the agenda in front of me so I'll entertain a motion to remove a small item from the end of the agenda, which is the SAGE recap, SAGE being Student Advocates for Graduate Education with peer institutions who we were lobbying with in Washington DC. I won't do that right now. I'll entertain a motion to replace that brief speech I was going to give with an even briefer speech by Kyle Murphy from Transportation Choices which is advocating on behalf of the the ballot measure to fund Metro.

Sayda Ipek (Physics): So moved.

Chris L: My thing was toward the end. I'm going to propose, since it's very short, to right after the administrative things.

Alex Britton (Law): Second.

## Approval of Minutes:

Chris L: Any objections? I will now entertain a motion to approve the minutes from the previous meeting.

Douglass Tiber (Evans School of Public Affairs): So moved.

Maggie Hughes (Public Health - Environmental & Occupational): Second.

Chris L: Any objections? Looks like we're jury-rigging a thing here. So thank you. Now, Kyle Murphy.

## Proposition 1 Presentation by Kyle Murphy

Kyle Murphy (Transportation Choices): Thank you guys having me on the agenda. My name's Kyle, a recent grad here and I'm from Transportation Choices. I do outreach on Proposition 1. Who here has heard of Proposition 1? Awesome. Who already has voted for it? Okay, most of you but not all of you. If you haven't voted already, please vote on it. Read it carefully and think of the implications and look at the funding measure. Some information to keep in mind, if Prop 1 fails, 20 routes serving UW will be eliminated. That's about half. 15 more will be reduced,

For GPSS Treasurer

To all GPSS Senators

I am excited to announce that I am running for the GPSS officer position of Treasurer; a position that measures not only my past experience, but also my future goals.

## Relevant Experience

|                 |  |
|-----------------|--|
| Work Experience | Over 7 years of work experience in an office setting   |
| Education       | Studied Political Science at UG Davis, and Inequality at University of Geneva<br>Selected to participate in a humanitarian aid trip in Costa Rica  |
| Extracurricular | Elected as Evans Student Organizations Representative<br>Active in Federal Legislative Steering, Finance & Budget, Travel Grants, State Legislative Steering, and Science & Policy Steering Committees |

As your GPSS Treasurer I vow to work diligently to ensure GPSS's financial practices are efficient, effective, and follow GAAP accounting principles.

My Goals for 2014-2015 year

- Create a communication network between current and past GPSS officers to ensure projects and goals from the previous year are completed.
- Provide assistance to committees to ensure they are successful both financially and functionally.
- Manage GPSS finances in a professional and accountable manner.
- Maintain my role as a representative by offering extended office hours and expanding GPSS's presence on campus and at events.
- Execute all responsibilities of Treasurer while facilitating collaboration and innovation.

# Archiving Summary

The purpose of the Archivist position was to identify information management challenges and goals, and to conceptualize and implement a comprehensive information management system.

## Goals:

- Collect all documents pertaining to Executive, Senate, F&B, and Judicial Committees and organize for digital years back to 2006.
- Create master list of elected officials, internal staff, and executive staff.
- Create master roster of all senators and committee members
- Ensure that all flyers, posters, advertisements, and other publications have at least one electronic copy and one hard copy.
- Create final hardbound Archives book for most recent academic years.
- Organize and catalog paper files, creating a database of boxes, contents, and locations of materials.
- Develop a training manual for GPSS leadership for maintaining archiving system

# Archiving Summary

A system for managing records has been developed that will allow for easy archiving and maintenance of intellectual control of the information that is created by GPSS activities. A training manual has been created that will assist future GPSS officers and staff.

All located on the GPSS shared server and in boxes were organized according to the newly developed system. Those materials that have been identified as archival have been inventoried and boxed, and are currently awaiting transfer to UW Archives. Those materials that have not reached their retention period are being stored in a central location in the GPSS Secretary's office or shared server.

# Archiving Summary

Rosters of Officers, Senate members, Exec. staff, Committee members, and internal staff have been created for most years back to 2006. The completeness of these rosters largely depends on the amount of information that was available to compile them.

An archive of printed materials has been created to keep GPSS event posters organized and in archival condition.

A bound GPSS Records book has been compiled and ordered for the 2012-13 academic year, and is expected to arrive within the next two weeks.

Vera Giampietro (GPSS Treasurer): Anything anybody wants to announce? To share from your department?  
Allan-Michael Weatherford (Comparative Lit): Diversity committee had their final event. It was very productive. People from many different departments. Lots of feedback. I would like to ask for people here next here to keep communication going.  
Vera: How to get involved?  
Allan Michael: Communication. If you have diversity things rearing its head, let us know.

5. Committee "Poster Session"

5) Year in Review

Adam: This is a slideshow and music to let us know what we've done this year. We'll be talking more about this in year at the end celebration upstairs. In year past, we've done officer reports.  
Kristen Hosey (GPSS Secretary): [Shows slideshow]

6. Budget Presentation

6) Legislative Update

Melanie Mayock (GPSS VP): There is not a lot new in terms of higher-ed funding. The legislature is not doing a lot now. In recess. At this point its an insider negotiation. Transit funding event. Thanks to Alex, Kimberly, and Joseph and other people. 10-15 grad students there. Good media attention. Raise attention and get state legislature to give us ability to vote on transit funding. This year GPSS will be giving out legislator of the award. It was a recommendation from SLSC. To thank someone who was there for us. Recognize those who are supportive of grad students. Incentivize other legislators to support grad students. Gerry Pollet went above call of duty. He was basically stalking senators outside of He was basically stalking senators outside of chamber to move vote in senate. We want to show appreciation. This is representative Gerry Pollet. 46<sup>th</sup> district. Directly north of UW. Wedgewood. Kenmore. Lastly, I don't see Chris Erickson here. He is VP for next year. He has good ideas for next year. My two cents.
