Beau Bryan

for Vice President of External Affairs

Goals:

- Health Care for Huskies
- Maintaining Funding and Capping Tuition Costs during COVID-19
- Smooth Transition of Leadership
- Increasing GPSS Diversity and Student Participation

About Me:

- *Experienced:* I served as a legislative intern and legislative session aide during the 2016 and 2018 Washington State Legislative Sessions working for both a Democrat and a Republican in the Senate. I also interned with an Olympia based lobbyist, The Arledge Group, during the 2019 legislative session.
- *Connected:* I have a vast legislative network, especially in higher education, having worked for the Chair of the Senate Higher Education Committee. I've worked with many of the key stakeholders and legislators in higher education which will be essential to getting our legislative priorities on the committee's agenda, voted out of the committee, and onto the Senate or House floor for a vote.
- *Inclusive:* As a gay man I understand the importance of inclusivity, and I am deeply committed to increasing diversity and representation on GPSS to ensure that all voices are heard and have a say in the process of drafting the 2020-2021 legislative agenda.

COVID-19 Discussion

How has COVID-19 impacted you and your department?

We will be sending you to breakout rooms to discuss COVID-19. Please use this time to:

- Simply talk to other senators and have a space to discuss how you are doing
- Talk about how your department is responding, both good and bad, and what you need most right now
 - Optional google doc to fill out with notes that Exec can look at later to inform our conversations with campus partners
