

Washington State  
Child & Teen Physical and Sexual Abuse  
Medical Evaluation Referrals

July 2007

Attached is a list of medical programs and practices throughout Washington State which provide specialized medical examinations for child and adolescent physical abuse, neglect, and sexual abuse. The programs are organized by DCFS regions.

The information has been provided by each program and was updated in July 2007.

The information has been collated by the Medical Training Program at Harborview Center for Sexual Assault and Traumatic Stress, and supported by DCFS Medical Training Grant.
