Extra special thanks to our Library Volunteers, many who have provided years of expertise and support.

## Virtual Shelf Browsing

How do you discover books? During our closure we offered no-contact pickup. Patrons might learn of new books to borrow from the monthly newsletters, *Leaflet & Leaflet for Scholars*. However, the pleasure of serendipitous discovery from browsing the physical shelves was impossible. Staff worked to restore some of that pleasure by building thematic book cover browsers on the website. Now that we're open, we still welcome prospective borrowers to browse from home. Each cover image links to the title's catalog record for easy holds placing. Find the cover browsers on the Library website under "Use the Library."

## Virtual Story Time

Join us each month for stories that celebrate plants & nature.

Youth Collections Librarian Laura uploads new stories to YouTube each month.
