

And personally I wish to thank the members of this committee for the part that they have played in preparing this case, for the many many hours and the many trips throughout the State that each man has made here to be in attendance to help solve the problems that we have had to solve as we have undertaken the task assigned to us by the people of the State of Washington through their Legislature.

In stating that no person mentioned here has wished to take advantage of our witness chair and the opportunity to testify under oath, I wish to mention that I believe three, and only three, requests have been made to this committee. One of them I mentioned before, Louise Alice Gervais, who neglected to give her address, and whom we have been unable to contact, did request an opportunity to appear before this committee. We will at a later date, at whatever effort it takes, find her place of residence and notify her officially that she may appear before this committee, even though she was not mentioned here in any other way.

We had two rather facetious requests, or letters, it might be termed a request, from the American Youth for Democracy, requesting that they be permitted to speak here; but we felt that that organization was quite adequately taken care of by the committee of Congress and the Attorney General of the United States, and there seems to be no reasonable misunderstanding about their Communist control and Communist origin, and we do not feel it was a proper subject of this—I will not say a proper subject of this Committee, but that we did not have time to go into that activity. Perhaps we may at a later date.

There are many things that I would like to say and I shall not at this time attempt to draw any conclusions about what our findings have been. I think the people of the State of Washington will draw those conclusions.

As to what our future hearings will be, or when they will be, we cannot announce at this time. There are several fields of Communist activity, Communist penetration, of which we feel we must investigate and expose; at the proper time we will release such information. Until that time, I wish to thank you for your attendance, and wish you all the best.

(Applause.)

(WHEREUPON adjournment was taken.)

CERTIFICATE

I, RUSSELL N. ANDERSON, the stenographic reporter employed by the Un-American Activities Committee of the State of Washington to report the proceedings of its hearings held on January 27, 28, 29, 30 and 31, and February 2, 3, 4, and 5, 1948, do hereby certify that the foregoing is a true and correct transcript of the matters therein set out.

I do further certify, that the transcript of the proceedings above referred to was verified by Adalyn M. Odey and myself as being true and correct, we having compared word for word said transcript with the electronic recordings taken of the proceedings and the testimony given at said hearings.
