# TECH FOR TRANQUILITY

**Introducing Memory-  
Friendly Environments**

## JOIN + LEARN!

Presenter Jesse Fish is a local technology coach with a knack for working with older adults. Now entering his 14th year in the field, he looks forward to sharing his knowledge at the Memory Hub!

Jesse is well versed in:

- Apple
- Windows
- Android
- home entertainment
- networking
- automation

In this presentation, explore the use of **smart home devices**, like Alexa's routines, to create calming and memory-enhancing atmospheres.
