

# TECH LAB AT THE MEMORY HUB

PRESENTS

## TECHNOLOGY FOR AGING AND MEMORY LOSS AROUND THE UW - RESEARCH FINDINGS AND FUTURE DIRECTIONS

1 - 3 p.m. Tuesday April 18, 2023

In this seminar, learn from three UW researchers about their current projects related to technology, aging and cognition:

- **Clara Berridge, PhD**, UW School of Social Work. Digital decision-making and ethics for people with dementia.
- **Oleg Zaslavsky, PhD**, UW School of Nursing. Online caregiver support for people with Lewy Body Dementia.
- **Carolyn Parsey, PhD**, UW Department of Neurology. Development of a tablet-based tool for social engagement and reminiscence for people with Alzheimer's.

Discover the latest findings and where the research is headed, and have a chance to sign up for information about participating in future studies.

A free event. In person or online by Zoom.

The Memory Hub | 1021 Columbia St, Seattle  
Free valet parking courtesy of Murano Senior Living.
