

Our Time Has Come

By the Greenwood Senior Center Gathering Place Group

(First Verse)

It feels like a journey. It feels like journey.
It feels like a mellow song to carry me along.
A mellow song to carry me along.
Won't do me wrong. Won't do me wrong.

(Second Verse)

Change like the weather. Change like the weather.
Change like a sunny, rainy, cloudy, foggy day.
The worst is over. Now I'm on my way.
I'm here to stay. I'm here to stay.

(Bridge)

Follow me happily. Time to make hay and have our say.
Still got a lot of life in us. Come with us and see.
Taking joy with our families. Spending time with friends we see.
See how great life can be. Come with us and see.

(Third Verse)

Embracing the journey. Embracing the journey.
We'll trust our love to keep us safe and strong.
Let's make this world a place where we belong.
Our time has come! Our time has come!
Our time has come! Our time has come!
