

# Ride4Alzheimer's Slideshow

*A man with Alzheimer's and his daughter ride a motorcycle and sidecar around the state this summer to raise awareness*

## Trip in Review

Join UW MBWC's Program Manager for Community Education & Impact, Marigrace Becker, as she shares her experience supporting father/daughter pair Don and Donni Reddington on a groundbreaking 10-day motorcycle and sidecar tour this summer.

With rallies in six cities across the state, the team shared Don's positive approach to living with Alzheimer's, distributed resources for people with memory loss, and sparked interested in dementia-friendly communities.

Enjoy the twists and turns of this adventure!
