

Dear Colleagues,

The Clinical Core Steering Committee invites you to a special webinar on Social Determinants of Health. The webinar will take place Friday, June 26 from 3:00 to 4:00pm EDT. The agenda is outlined below. We had hoped to share this with you at the 2020 Spring ADRC Meeting, but due to COVID-related issues were not able to. Now we invite you to this hour-long session, which will include a discussion with the presenters. We hope you will invite all from your Center who have interest in this important topic.

If you are interested in attending this webinar, please register here:
