

Join us for **free** CME-accredited learning aimed at helping front-line clinicians become local leaders in dementia care

Twice monthly, UW Medicine offers innovative remote-learning opportunities for clinicians in Washington State. Join us for a brief didactic followed by case-based learning where everyone acts as both teacher and a learner.

Didactics, case discussions, and ongoing mentoring help participants master:

- Best practices around early detection and diagnosis, disclosure, prevention and risk reduction, pharmacological and non-pharmacological interventions, deprescribing, management of comorbidities and behavioral symptoms, and more
- Billing code accuracy to ensure appropriate compensation.
- Advance care planning guidelines, managing care transitions, family resources & supports.

Clinics, Providers, Patients and their Families all benefit

- **CLINICS** improved workflow, charge capture and efficiency.
- **PROVIDERS** master complexity, benefit from peer engagement, earn up to 26.25 CMEs.
- **PATIENTS** receive improved access to expert care locally, avoid costly trips to specialists.

Join our
Invitation List!

Our interdisciplinary team of specialists
