

SUPPORT GROUP FACILITATOR

Support Group Facilitators create a safe, open environment where people share their feelings, thoughts and experiences in a combined effort to better cope with and manage the shared problems of dementia. Support Group Facilitators:

- Facilitate groups of caregivers or people living with dementia to provide social and educational support helping group members provide emotional support to one another.
- Present pertinent Association materials and information to group members and assure a positive experience for attendees.
- Connect people with additional Association services and volunteer opportunities by proactively making referrals to Alzheimer's Association programs & free 24/7 Helpline.

THE IDEAL CANDIDATE

- Strong listening and effective communication skills with demonstrated ability to be empathic and separate personal needs from group needs.
- Ability to redirect and facilitate discussion as well as fulfill the Facilitator duties and responsibilities as described in onboarding.
- Ability to create and maintain a safe environment where participants' thoughts and feelings are valued and group members are treated with fairness, equity and respect.
- Passionate about the Alzheimer's Association mission with personal or professional experience with dementia preferred.
- Must be age 21 to apply. Background checks are required.
- Must be over one year since the passing of their loved one with dementia
