2012: Dual Immersion Survey

- Why conduct the survey?
 - To get a more complete picture of the number and types of dual immersion K-12 programs in WA state
 - To help build cooperation and information-sharing
 - To determine additional ways for the state to support DI programs

Dual Immersion - Defined

- Provides content-based instruction in two languages over several years
- Has the goal of proficiency and literacy in both languages
- Meets high academic standards in all subject areas

Response

- 172 Districts responded (92% of those contacted)
- Represent 99.04% of ELL students
- 22 districts have DI programs
- 5 planning to start by fall 2013

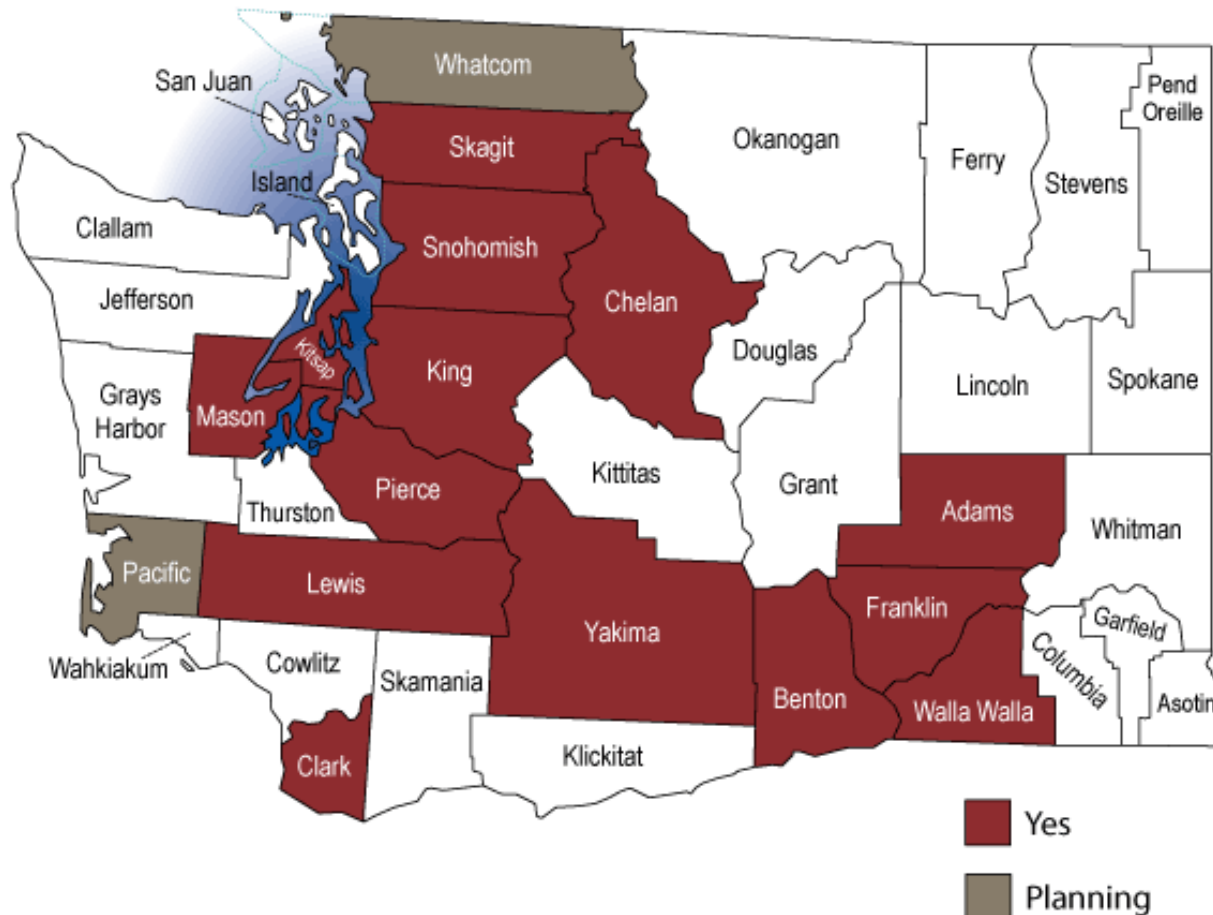

Findings – Spring 2012

- These 22 districts host:
 - 38 Elementary Schools
 - 6 more started this fall
 - 13 Middle Schools
 - 1 more started this fall
 - 4 High Schools
 - 1 more started this fall

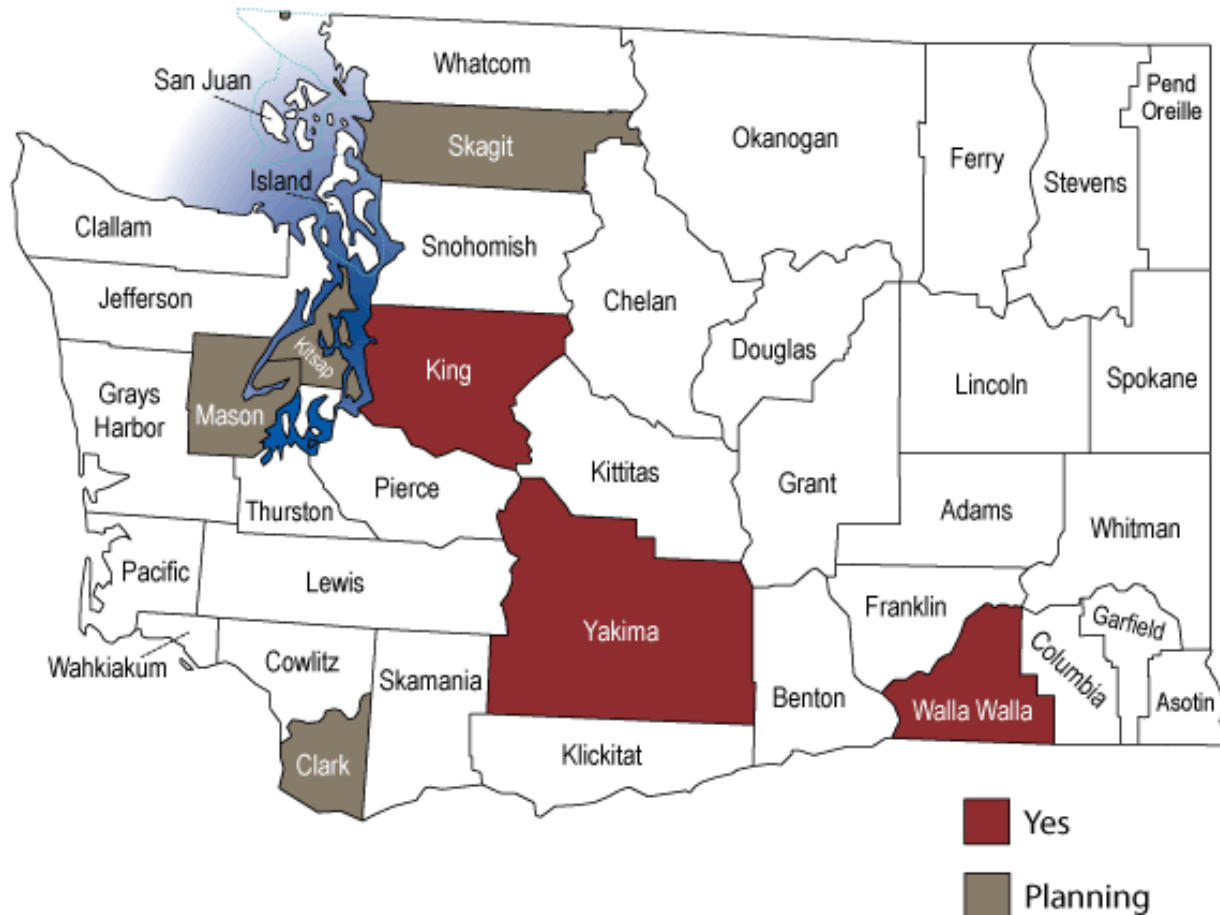

Turn & Talk #1:

- **Program in Place:** What do you wish you had known about dual immersion going into the planning process?
- **Considering a Program:** What is your biggest concern about moving forward?

Counties with DI Elem. Schools

Counties with DI High Schools

Turn & Talk #2:

- What was the biggest **motivation** and the biggest **obstacle** for your district in starting a dual immersion program?

Who and Why?

- Drivers:
 - 8 cited only district-level
 - 4 cited only school-level
 - 2 cited only parents/community
 - 13 had a combination of the above
- Motivation:
 - 89% of districts cited research on ELLs as a reason for starting DI programs

Trends across Districts:

- #of Language in DI districts
 - 59% have less than 25 languages spoken
 - 26% have between 25-75 languages
 - 15% have more than 75

- 56% of DI districts have more than 80% Spanish-speakers

(both points are true of existing and planning districts)

Trends across Districts:

- % of ELL students in DI districts
 - The state average is 8.9%
 - 55% of existing programs are above that
 - 100% of planning programs are below that
- # of ELL students in DI districts
 - 59% of existing programs have more than 1500 ELLs
 - 62% of all WA 1500+ ELL districts have DI programs
 - 100% of planning have less than 700 ELLs

Trends across Districts:

- The highest concentration of DI programs are in the I-5 corridor and the southern 3 ESDs
 - In these ESDs, 10-23% of districts have DI programs
- Free and Reduced Price Lunches (FRPL) rate
 - the state average is 45.5%
 - 77% of existing programs are above that
 - 100% of planning programs are below that

Turn & Talk #3:

- **For Everyone:** What questions would you like answered?

Next Steps

- Follow-On Survey – What Questions Are Important to You?
- Posting data on MELL website and sharing with legislators
- Searchable Database through OSPI
- Other ideas?

Questions??
