### Duties and Responsibilities

Tutors are sought to work with students in language arts in general and reading in content areas such as social studies and science. Tutors are also sought to work with students in math, especially with understanding word problems. Tutors are currently needed to work with students from K to grade 5, and do so in one-to-one settings as well as in small groups.  
As an international school, Concord has a dual language Spanish-English program in place, and tutors able to work in this model are especially helpful.

### Minimum Qualifications

While not required, it is helpful to have oral and written proficiency in Spanish. Also helpful is someone who is positive with students and patient, yet still able to have high expectations for them.

### Educational Benefits

This is good experience for anyone considering a career in education. It provides exposure to and practice in various approaches to teaching across subject areas. It is also a wonderful opportunity to become more familiar with the families of students as well as other community members from the Duwamish area.

### Additional Information

To apply, contact by e-mail, indicating that you hope to arrange for an interview for possible placement as an America Reads tutor.
