ACTIVITIES FEE**

Greetings Husky Health Center,

I am writing to officially inform you of the allocation made to the Husky Health Center (HHC) for Fiscal Year 2026. After extensive deliberations, as well as consideration of your submitted documents and testimony, the Services & Activities Fee Committee agreed to recommend an allocation of **\$6,817,562**. The recommendation was accepted by the Vice President for Student Life, Denzil Suite, and was approved by the Board of Regents during their May 8th meeting.

This year, increases in requests were close to \$600k more than our projected increase in revenue. Despite this, after careful consideration of the HHC's request, the Committee decided on an allocation representing a \$265,000 increase over Fiscal Year 2025, reflecting HHC's full request for Mandatory Wages & Benefits, and the partial HHC request for New Provider Wages and Operational Costs.

The Committee appreciates the time and effort you put into your budget request and presentation. The level of detail was very informative and helped to expedite the deliberations process. We also applaud your commitment to using our logo. In the future, we would appreciate it if you did not include revenue increases or other "balancing" measures in your request.

I understand that it can be disheartening to receive less than your full request, but we hope that your allocation allows you to continue serving students. We invite you to continue exploring options for generating additional revenue.

The Committee thanks you for your cooperation with the SAF process, and we hope to continue working together in the future. It has been a pleasure working with you, and I wish you the best.

Sincerely,

Haley Chee
