Greetings Counseling Center,

I am writing to officially inform you of the allocation made to the Counseling Center for Fiscal Year 2027. After extensive deliberations, as well as consideration of your submitted documents and testimony, the Services & Activities Fee Committee agreed to recommend an allocation of **$2,662,607**. The recommendation was accepted by the Vice President for Student Life, Denzil Suite, and was approved by the Board of Regents during their May 14th meeting.

This year, increases in requests were close to $1.4 million more than our projected increase in revenue. Despite this, after careful consideration of the increasing demand for the Counseling Center's services, the Committee decided on an allocation representing a $100,718 increase over Fiscal Year 2026, reflecting the Counseling Center's entire request for Wages and Benefits increases.

The Committee appreciates the time and effort you put into your budget request and presentation. The level of detail was very informative and helped to expedite the deliberations process. We also applaud your commitment to using our logo. In the future, we invite you to collaborate more with the other health units and to provide concrete examples of student feedback guiding your decisions.

I understand that it can be disheartening to receive less than your full request, but we hope that your allocation allows you to continue serving students. We invite you to continue exploring options for generating additional revenue.

The Committee thanks you for your cooperation with the SAF process, and we hope to continue working together in the future. It has been a pleasure working with you, and I wish you the best.

Sincerely,

Haley Chee
