Definition and Guiding Question

LESSON	LEARNING EPISODE
<p>For the purpose of this STARTALK template a <i>lesson</i> is defined as a single learning experience lasting no more than ninety minutes. Learning experiences occur both in the classroom and/or in other settings. Longer blocks of time will involve several learning episodes and lesson plans.</p>	<p>For the purpose of this STARTALK template a <i>learning episode</i> is defined as a learning experience that addresses a specific aspect of a learning target or can-do statement. Learning episodes typically provide a limited amount of input with time allowed for guided and independent practice. The amount of time allotted for a learning episode is approximately equivalent to the age of the learner and will rarely be more than twenty minutes.</p>

Questions to Consider Before and During Lesson Planning

- Do the activities in the lesson**
- provide sufficient opportunities for understanding new words before expecting production?
 - provide multiple, varied opportunities for students to hear new words/expressions used in highly visualized contexts that make meaning transparent?
 - provide students with an authentic purpose for using words and phrases?
 - engage all students (as opposed to just one or two students at a time)?
 - give students a reason for needing to/wanting to pay attention and be on task?
 - vary in the level of intensity and the amount of physical movement required?
 - take an appropriate amount of time considering the age of the learner?
 - make the learner, not the teacher, the active participant?
