

# GLOBAL SEAL OF BILITERACY

## GLOBAL SEAL OF BILITERACY -SERVING ALL LANGUAGE LEARNERS WITH MEANINGFUL CREDENTIALS

The Global Seal is a free program that offers [three tiers of language certification](#) in over [130 languages](#) via testing. Each personalized credential is serial-numbered so it can be easily added to an application, C.V., resumé, or LinkedIn profile under “Licenses and Certifications.” The certificate can be awarded to bilinguals by an academic program, an organization or employer who submits an [application](#). It can also be earned by individuals through our [Individual Application](#) process. To help celebrate, the Global Seal offers [celebratory medals and pins](#).

The Global Seal can be awarded to anyone, of any age, anywhere in the world that meets the language requirements in TWO or more languages. The Global Seal encourages language learners to “Level-Up” and earn more than one Global Seal as their proficiency and language skills increase. For example, a student might earn Functional Fluency in 8<sup>th</sup> grade, Working Fluency in high school, and Professional Fluency after a study abroad in college. To assist programs in awarding Global Seals to ALL of their diverse bilingual populations, we offer a [Test Finder](#) to easily locate a qualifying test. For language learners who want to know if they’re ready to test, we suggest our [free mini Self Assessment activities](#).

The Global Seal also offers free resources to support your Global Seal of Biliteracy and/or State Seal of Biliteracy programs. To promote your program, you can add a “We Credential with the Global Seal” badge to your website. To help your language learners prepare, we offer a variety of archived Global C.R.E.D. video resources to help students prepare for Seal of Biliteracy tests, Level-Up specific skills, Leverage their Bilingualism and Link to future academic and career opportunities.
