RELAXATION TRAINING PRACTICE

Practice the relaxation method we learned in session today at least twice a day. Write down each day and time that you practice. Also, write down how tense or nervous you were <u>before</u> relaxing and then how relaxed you are <u>after</u> relaxing. Use a scale from 1 to 10, with 10 being the most nervous and tense you have ever felt and 1 being the most relaxed and calm you have ever felt. Bring this in with you to your next session.
